INDEPENDENT AUDITOR'S REPORT

To the Citizens' Bond
Oversight Committee
and the Board of Trustees
San José/Evergreen Community College District
San Jose, California

Report on the Financial Statements

We have audited the accompanying financial statements of San José/Evergreen Community College District (the "District") 2004 Measure G General Obligation Bonds activity included in the 2004 General Obligation Bond Funds (the "Bond Funds") of the District as of and for the year ended June 30, 2014, and the related notes to the financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

(Continued)

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Bond Funds of San José/Evergreen Community College District, as of June 30, 2014, and the changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1, the financial statements present only the District's Bond Funds and do not purport to, and do not, present fairly the financial position of the District as of June 30, 2014, and the changes in financial position for the year then ended, in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matters

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements of the San José/Evergreen Community College District's 2004 Measure G General Obligation Bond Funds. The purpose of Bond Issuance on pages 10 and 11 of this report and the Citizen's Bond Oversight Committee Members are presented for purposes of additional analysis and are not a required part of the financial statements. The information has not been subjected to the auditing procedures applied in the audit of the financial statements and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 4, 2014 on our consideration of the District's internal control over financial reporting and on our test of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters for the Bond Funds. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance for the Bond Funds. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering San José/Evergreen Community College District's internal control over financial reporting and compliance for the Bond Funds.

2004 MEASURE G GENERAL OBLIGATION BONDS
NOTES TO FINANCIAL STATEMENTS
June 30, 2014

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

San José/Evergreen Community College District (the "District") accounts for its 2004 General Obligation Bond Funds' ("Bond Funds") financial transactions in accordance with policies and procedures of the State Chancellor's Office's *California Community Colleges Budget and Accounting Manual*. The accounting policies of the Bond Fund conform to accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB). The following is a summary of the significant accounting policies:

Financial Reporting Entity: The financial statements include only the Bond Funds' 2004 General Obligation Bond Resources of the District. This fund was established to account for the expenditures of general obligation bonds issued under the General Obligation Bonds Election of 2004 (Series A, B and C). The authorized issuance amount of the bonds is \$185,000,000. These financial statements are not intended to present fairly the financial position and results of operations of the District in compliance with accounting principles generally accepted in the United States of America.

Basis of Accounting: Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of measurement made, regardless of the measurement focus applied.

The financial statements represent the 2004 General Obligation Bond Funds of the District and are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or within 60 days after year end. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred.

Cash and Cash Equivalents: For the purpose of the financial statements, cash equivalents are defined as financial instruments with an original maturity of three months or less. Funds invested in the Santa Clara County Treasury are considered cash equivalents.

Restricted Fund Balance: Restricted fund balance includes resources which are legally or contractually restricted by external third parties. Fund balance is restricted for capital projects of the Bond Funds in accordance with the Bond Project List for 2004 Measure G General Obligation Bonds.

Accounting Estimates: The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

Encumbrances: Encumbrance accounting is used in all budgeted funds to reserve portions of applicable appropriations for which commitments have been made. Encumbrances are recorded for purchase orders, contracts, and other commitments when they are written. Encumbrances are liquidated when the commitments are paid. All encumbrances are liquidated as of June 30, 2014.

NOTE 2 – CASH AND CASH EQUIVALENTS

Cash and cash equivalents at June 30, 2014 consisted of \$39,188,385 held in the County Treasury investment pool.

Credit Risk: In accordance with Education Code Section 41001, the Bond Fund maintains all of its cash in the Santa Clara County Treasury. The County Treasurer of Santa Clara County acts as the Measure G General Obligation Bonds Fiscal Agent. The County pools these funds with those of other districts in the County and invests the cash. These pooled funds are carried at fair value. Interest earned is deposited quarterly into participating funds. Any investment losses are proportionately shared by all funds in the pool.

Because the Bond Funds' deposits are maintained in a recognized pooled investment fund under the care of a third party and the Bond Funds' share of the pooled investment fund does not consist of specific, identifiable investment securities owned by the District, no disclosure of the individual deposits and investments or related custodial credit risk classifications is required.

In accordance with applicable State laws, the Santa Clara County Treasurer may invest in derivative securities. However, at June 30, 2014, the Santa Clara County Treasurer has represented that the Treasurer's pooled investment fund contained no derivatives or other investments with similar risk profiles.

Investments Authorized by Debt Agreements: Investment of debt proceeds held by bond trustees are governed by provisions of the debt agreements, rather than the general provisions of the California Government Code or the District's investment policy. The table below identifies the investment types that are authorized for investments held by bond trustees. The table also identifies certain provisions of these debt agreements that address interest rate risk, credit risk, and concentration of credit risk.

| <u>Authorized Investment Type</u> | <u>Maximum Maturity</u> | <u>Maximum Percentage Allowed</u> | <u>Maximum Investment in One Issuer</u> |
|-----------------------------------|-------------------------|-----------------------------------|---|
| County Pooled Investment Fund | None | None | None |

Disclosures Relating to Interest Rate Risk: Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates.

NOTE 2 – CASH AND CASH EQUIVALENTS (Continued)

Information about the sensitivity of the fair values of the District's investments to market interest rate fluctuations is provided by the following table that shows the maturity date of each investment:

| <u>Investment Type</u> | <u>Weighted Average Maturity (in Years)</u> |
|------------------------------------|---|
| Santa Clara County Investment Pool | 1.02 |

Concentration of Credit Risk: The District's investment policy places limits on the amount it may invest in any one issuer. At June 30, 2014, the District had no concentration of credit risk.

NOTE 3 – PURPOSE OF BOND ISSUANCE

Bond Authorization: By approval of the proposition for Measure G by at least 55% of the registered voters voting on the proposition at the election held on November 2, 2004, San José Evergreen Community College District was authorized to issue and sell bonds of up to \$185,000,000 in aggregate principal amount.

Purpose of Bonds: The proceeds of the Bonds may be used:

"To prepare students for jobs and transfer to four year universities by:

- Building art, science and math classrooms and labs;
- Expanding healthcare job training facilities; and by
- Upgrading, acquiring, constructing and equipping facilities sites and classrooms; “

As required by the California Constitution, the proceeds from the sale of bonds will be used only for the construction, reconstruction, rehabilitation or replacement of school facilities including the furnishing and equipping of school facilities and not for any other purpose, including teacher and administrative salaries and other school operating expenses.

NOTE 4 – GENERAL OBLIGATION BOND ISSUANCES

The Bonds represent an obligation of the District payable solely from *ad valorem* property taxes levied and collected by the County of Santa Clara on properties within the District. The Board of Supervisors of Santa Clara County has power and is obligated to annually levy *ad valorem* taxes for the payment of interest on, and principal of, the Bonds upon all property subject to taxation by the District without limitation of rate or amount, except as to certain personal property which is taxable at limited rates.

In May 2005, the District issued the 2004 General Obligation Bonds, Series A in the amount of \$55,391,474. The bonds mature beginning on September 1, 2006 through September 1, 2029, with interest yields ranging from three to five percent.

SUPPLEMENTARY INFORMATION

SAN JOSÉ/EVERGREEN COMMUNITY COLLEGE DISTRICT
2004 MEASURE G GENERAL OBLIGATION BONDS
PURPOSE OF BOND ISSUANCE
(Unaudited)

LEGISLATIVE HISTORY

On November 7, 2000, California voters approved Proposition 39, the Smaller Classes, Safer Schools, and Financial Accountability Act. Proposition 39 amended portions of the California Constitution to provide for the issuance of general obligation bonds by school districts, community college districts, or county offices of education, "for the construction, reconstruction, rehabilitation or replacement of school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of real property for school facilities", upon approval by 55% of the electorate.

Education Code Section 15278 provides additional accountability measures:

1. A requirement that the school district establish and appoint members to an independent citizens' oversight committee.
2. A requirement that the school district expend bond funds only for the purposes described in Section 1(b)(3) of Article XIII A of the California Constitution, and ensuring that no funds are used for any teacher or administrative salaries or other school operating expenses.
3. A requirement to conduct an annual independent performance audit required by Section 1(b)(3)C of Article XIII A of the California Constitution.
4. A requirement to conduct an annual independent financial audit required by Section 1(b)(3)D of Article XIII A of the California Constitution.

SAN JOSÉ/EVERGREEN COMMUNITY COLLEGE DISTRICT GENERAL OBLIGATION BONDS, 2004 MEASURE G

The San José/Evergreen Community College District, Santa Clara County, California Election of 2004 General Obligation Bonds, Measure G were authorized at an election of the registered voters of the San José/Evergreen Community College District held on November 2, 2004 at which more than fifty-five percent of the persons voting on the proposition voted to authorize the issuance and sale of \$185,000,000 principal amount of general obligation bonds of the District. The Bonds are being issued to finance the acquisition, construction and modernization of certain District property and facilities. The Bonds are general obligations of the District, payable solely from *ad valorem* property taxes. A summary of the text of the ballot language was as follows:

"To prepare students for jobs and transfer to four year universities by:

- Building art, science and math classrooms and labs;
- Expanding healthcare job training facilities; and by
- Upgrading, acquiring, constructing and equipping facilities sites and classrooms;

shall San José/Evergreen Community College District issue \$185 million in bonds, at legal rates, with citizen's oversight, guaranteed annual audits, and no money for administrators' salaries and without increasing existing tax rates?"

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS

To the Citizens' Bond
Oversight Committee
and the Board of Trustees
San José/Evergreen Community College District
San Jose, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of San José/Evergreen Community College District (the "District") 2004 General Obligation Bond Funds (the "Bond Funds") as of and for the year ended June 30, 2014, and the related notes to the financial statements, and have issued our report thereon dated December 4, 2014.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over Bond Fund financial reporting. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting for the Bond Funds.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

(Continued)

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the San José/Evergreen Community College District's Bond Funds' financial statements are free of material misstatement, we performed tests of the Bond Funds' compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance for the Bond Funds. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance for the Bond Fund. Accordingly, this communication is not suitable for any other purpose.
