OBJECTIVES, SCOPE, METHODOLOGY AND CONCLUSIONS

OBJECTIVES

The objective of our performance audit was to determine that the District expended 2004 Measure G General Obligation Bond funds for the year ended June 30, 2013 only for the purposes approved by the voters and only on the specific projects developed by the District's Board of Trustees, in accordance with the requirements of Proposition 39, as specified by Section 1(b)(3)C of Article XIII A of the California Constitution.

SCOPE

The District provided to us a list of all 2004 Measure G General Obligation Bond project expenditures for the year ended June 30, 2013 (the "List"). An approximate total of 801 transactions were identified, representing \$6,483,459 in expenditures from July 1, 2012 through June 30, 2013.

METHODOLOGY

We performed the following procedures to the List of Measure G General Obligation Bond project expenditures for the year ended June 30, 2013:

- Interviewed District management related to controls over planning, bidding, contracting, expenditure of bond funds and financial reporting to assess that controls have been put in place and are working as documented.
- Documented District procedures and controls over planning, bidding, contracting, expenditure of bond funds and financial reporting.
- Performed tests to determine that the District controls over planning, bidding, contracting, expenditure of bond funds and financial reporting have been put in place and are working as documented.
- Verified the mathematical accuracy of the List.
- Examined a sample of salaries and related benefits, which totaled \$18,728 or 36% of total salaries and related benefits. We also selected a sample of 25 expenditures totaling \$4,255,161. The sample was selected to provide a representation across specific construction projects, vendors and expenditure amounts. The sample represented 3% of the number of expenditures and 66% of the total expenditure amounts. Verified that the expenditures were for the approved projects and were expended for the upgrading, acquiring, constructing and equipping of school facilities, including building art, science and math classrooms and labs, or expanding healthcare job training facilities, and that funds were not spent for District administrative or instructional salaries or other administrative expenses.
