

## Letter from Chair

### **To: The Board of Trustees and Citizens of the San José • Evergreen Community College District**

The Citizens' Bond Oversight Committee is pleased to present its 2018-2019 Annual Report on the District's two general obligation bond programs. In November of 2010, the voters demonstrated their confidence in the District and passed Measure G-2010, a \$268M general obligation bond initiative. In November 2016, the voters again supported the District by passing Measure X, a \$748M bond initiative. These bond measures, established under Proposition 39, have the common goal of improving and equipping the teaching environments to better serve our students' needs. The Committee and the District wish to thank the community for their continued support of our students.

The Measure G-2010 and Measure X bond programs have many accomplishments to report for the year ended June 30, 2019.

To highlight a few, San José City College (SJCC) completed the programming of its new Career Education Complex which will house classrooms, labs, instructional support spaces, offices and shared spaces to support student life. SJCC's Physical Security project is well under way and the design of the new Maintenance and Operations and Emergency Operations Center was completed.

Evergreen Valley College (EVC) completed the extensive renovation of the cafeteria and student activity space in the Gullo Building. The design for the renovation of the remainder of the Gullo remodel was also completed and construction work on the project began. Additionally, EVC selected the architectural firm for the programming of its new Student Services Center.

The Committee wishes to report that, to the best of its knowledge, San José • Evergreen Community College District is in full compliance with the responsibilities as described in Article XIII A, Section 1 (b)(3) of the California State Constitution, which address bonded indebtedness incurred by a community college district. We encourage the community to visit the Measures G-2010 and X website for additional information about the projects and expenditures, as well as our planned meeting dates and times for the coming year.

Respectfully submitted,

Shanta Franco-Clausen  
Committee Chair

### REVIEW OF EXPENDITURES

California Proposition 39, California Education Code Section 15278, and the Section 1(b)(3) of Article XIII A of the California Constitution requires annual performance and financial audits on use of general

obligation bond proceeds. The performance and financial audits for the fiscal year ending June 30, 2019 were performed by an independent certified public accounting firm in accordance with generally accepted auditing standards and governmental auditing standards issued by the Comptroller General of the United States. The audits indicate that, in all significant respects, the District expended the general obligation bond proceeds for the year ended June 30, 2019 in accordance with the requirements of Proposition 39.
