- 5. <u>Communications Received by Citizens' Bond Oversight Committee Members</u> There were no communications received.
- 6. <u>Staff Reports</u>

Dr. Budd and Vice Chancellor Smith thanked the Citizens' Bond Oversight Committee Members for their support and dedicating their time as citizens of this community to assist in the oversight review of the General Obligation Bond Programs.

Dr. Budd gave a brief overview of the Staff Reports.

Dr. Budd informed the committee of the following:

- Welcome to Dr. Norma Ambriz-Galaviz, Acting President of Administrative Services, SJCC. Dr. Abriz-Galaviz joined the San Jose City College in the beginning of September 2017 to assist as Acting President, on an interim basis, during Dr. Breland's leave of absence.
- Highlights of the 16 week semester, which began on Tuesday, September 5th, 2017:
 - September 2017 is the San Jose Evergreen Community College District's highest enrollment in over 4 years. Majority of enrollments are due to the work of the Evergreen Valley College and San Jose City College campuses with the various pathways and the college products.
 - The San Jose Evergreen Valley College District reached out to local high schools and currently have 500 students enrolled in the San Jose Promise (2017-2018 Academic Year). The San Jose Promise is available at both San Jose City College and Evergreen Valley College. Students who are qualified for the San Jose Promise will receive full (free) tuition and fees, textbooks, transportation and summer bridge program costs as well as mentorship and internships, which ensures the high school students the opportunities to continue their education and move into a career or to a 4 year university. 2 students from San Jose City College and Evergreen Valley College have transferred to San Jose State and UC Santa Cruz Universities.
 - San Jose Evergreen Community College District is building the academic programs with Cross-Enrollment. Once students are enrolled in the San Jose Evergreen Community College District community colleges the Cross-Enrollment requires 15 units. A Student has the opportunity to select 1 class for each semester at a 4 year university.
 - San Jose Evergreen Community College District is developing a new curriculum (Stemcor Academic Program). Currently working with local industries to focus on curriculum, mentorships and internships and conducting workshops to assist high school students to develop variable technology. Last year (2016) 8 students and this year (2017) 1600 students were enrolled in the Stemcor Academic Program. Community Colleges are the equity engine to help diversify the workforce in the Silicon Valley.
 - Dual Enrollment: San Jose Evergreen Community College District expanded the high school offerings for students to receive college credit and high school credit during the same time, which is an expansion of the Advanced Placement courses.

7. Preparations for Annual Report

Vice Chancellor Smith informed the Citizens' Bond Oversight Committee Members that the fiscal year ended June 30, 2017 and the Auditors are scheduled to conduct an audit on October 2, 2017 of the Measure G-2004 and Measure G-2010 Bond Programs.

Mr. Chegini informed the Committee of the upcoming preparation for the Measure G-2004 & Measure G-2010 Citizens' Bond Oversight Committee 2016-2017 Annual Report and asked the Committee for their interest in volunteering to participate for the 2016-2017 Annual Report working group.

The following Committee Members volunteered to assist in the 2016-2017 draft Annual Report preparation:

- Linda Reiners
- Joel Ruiz Herrera
- Rose Regalado

Vice Chancellor Smith noted that the Annual Reports are a deliverable of the Committee Members and gave a brief overview of the process.

8. Project Updates

a. Mr. Letcher gave a brief update of the Measure X Bond Program.

The San Jose Evergreen Community College District anticipates issuing several Requests for Qualifications (RFQs) to the Board of Trustees for review of approval. The 1st RFQ (bond finance client services) is scheduled for the October 24, 2017 Board of Trustees meeting. The 2nd RFQ (Program Management and Construction Management Services) is scheduled for the January 2018 Board of Trustees meeting.

The San Jose Evergreen Community College District received RFQs from 33 Architectural firms who are interested to work with the Measure X Bond Program. The Selection Committee will begin final deliberation to shortlist the Architectural firms to a manageable group and to make the first selection of Architectural firms to kick off the new projects in early 2018.

b. Mr. Miller and Mr. Hohl gave a brief overview of the Measure G-2010 Bond Program project highlights regarding current status of the projects for the District Office, Evergreen Valley College and San Jose City College.

Mr. Demar asked if the project upgrade is for the Evergreen Valley College Gullo II or Gullo I?

Mr. Miller answered upgrades are for Gullo I which includes' upgrades to the first floor cafeteria, stage and lobby areas.

Mr. Aytch asked if the Gullo I phase interferes with the Fresh and Natural space?

Mr. Letcher noted that Fresh and Natural is the vendor for food services delivery of the Evergreen Valley College campus, and answered that the project upgrade will lead into the front of Fresh and Natural service counter.

The Division of the State Architect (DSA) was discussed and Mr. Letcher gave an additional overview of the standards of DSA; any building which houses students or provides services to students is required to be compliant with code requirements.

Mr. Letcher gave an update to the Americans with Disabilities Act (ADA) survey and plan which documents any of the active assessable barriers of all Districtwide properties (District Office, Evergreen Valley College, San Jose City College, and Milpitas).

9. Program Financial Reports

a. Financial Reports

i. Measure X Financial Report:

Mr. Fitzsimmons presented an overview of the Measure X Financial Report from inception through June 30, 2017 and gave an update regarding the cost and schedule status of the program.

ii. Measure G-2010 Financial Report:

Ms. Kennedy presented an overview of the Measure G-2010 Financial Report from inception through June 30, 2017 and gave an update regarding the cost and schedule status of the program.

There were no "caution" projects to discuss for reporting period inception to June 30, 2017 of the San Jose City College, Evergreen Valley College, and District.

iii. Measure G-2004 Financial Report:

Ms. Kennedy presented an overview of the Measure G-2004 Financial Report from inception through June 30, 2017 and gave an update regarding the cost and schedule status of the program.

There were no "caution" projects to discuss for reporting period inception to June 30, 2017 of the San Jose City College, Evergreen Valley College, and District.

Ms. Kennedy noted that the June 30, 2017 Financial Report is the last Financial Report of the Measure G-2004 Bond Program.

Measure G-2010 and Measure G-2004 Financial Reports: Bethel Kim / Linda Reiners Unanimously approved

b. Bond List Revisions

There were four Measure G-2010 Bond List Revisions that occurred during the reporting period ending June 30, 2017. These revisions were reported on at the last meeting of the Committee and are included in the financial reports for this period. These revisions took place at the following Board of Trustees' meetings:

- April 4, 2017
- May 9, 2017
- May 23, 2017
- June 13, 2017

There were three Measure G-2010 Bond List Revisions that occurred after the reporting period ending June 30, 2017 and prior to this meeting. These revisions took place at the following Board of Trustees' meetings and are reflected in the attached reports:

- July 11, 2017
- August 29, 2017

10. Proposed Future Meeting Dates

Vice Chancellor Smith presented the proposed, January 2018 through January 2019, Citizens' Bond Oversight Committee meeting dates.

Mr. Joel Ruiz Herrera asked of the cancellation of the June 20, 2017 Evergreen Valley College campus project tour?

Mr. Letcher answered the initial plan was to include a tour of the Evergreen Valley College Physical Education building prior to the meeting time of the June 20, 2017 Citizens' Bond Oversight Committee meeting. Although due to a delay in pouring the concrete access way, into the building, the project tour was cancelled.

Proposed Future Meeting Dates: Joel Ruiz Herrera / Rose Regalado Unanimously approved

INDEPENDENT AUDITORS' REPORT

To the Board of Trustees San José/Evergreen Community College District San Jose, California

Report on the Financial Statements

We have audited the accompanying financial statements of San José/Evergreen Community College District (the "District") 2004 Measure G General Obligation Bonds activity included in the 2004 General Obligation Bond Funds (the "2004 Bond Funds") of the District as of and for the year ended June 30, 2017, and the related notes to the financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the 2004 Bond Funds of San José/Evergreen Community College District, as of June 30, 2017, and the changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1, the financial statements present only the District's 2004 Bond Funds and do not purport to, and do not, present fairly the financial position of the District as of June 30, 2017, and the changes in financial position for the year then ended, in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matters

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements of the San José/Evergreen Community College District's 2004 Measure G General Obligation Bond Funds. The Purpose of Bond Issuance on pages 9 and 10 of this report and the Citizen's Bond Oversight Committee Members are presented for purposes of additional analysis and are not a required part of the financial statements. The information has not been subjected to the auditing procedures applied in the audit of the financial statements and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated October 13, 2017 on our consideration of the District's internal control over financial reporting and on our test of its compliance with certain provisions of laws, regulations, contracts, and other matters for the 2004 Bond Funds. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance for the Bond Funds. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering San José/Evergreen Community College District's internal control over financial reporting and compliance for the Bond Funds.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

San José/Evergreen Community College District (the "District") accounts for its 2004 General Obligation Bond Funds' ("2004 Bond Funds") financial transactions in accordance with policies and procedures of the State Chancellor's Office's California Community Colleges Budget and Accounting Manual. The accounting policies of the 2004 Bond Funds conform to accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB). The following is a summary of the significant accounting policies:

<u>Financial Reporting Entity</u>: The financial statements include only the Bond Funds' 2004 General Obligation Bond Resources of the District. This fund was established to account for the expenditures of general obligation bonds issued under the General Obligation Bonds Election of 2004 (Series A, B and C). The authorized issuance amount of the bonds is \$185,000,000. These financial statements are not intended to present fairly the financial position and results of operations of the District in compliance with accounting principles generally accepted in the United States of America.

<u>Basis of Accounting</u>: Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of measurement made, regardless of the measurement focus applied.

The financial statements represent the 2004 General Obligation Bond Funds of the District and are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or within 60 days after year end. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred.

<u>Restricted Fund Balance</u>: Restricted fund balance includes resources which are legally or contractually restricted by external third parties. Fund balance is restricted for capital projects of the Bond Funds in accordance with the Bond Project List for 2004 Measure G General Obligation Bonds.

<u>Accounting Estimates</u>: The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

<u>Encumbrances</u>: Encumbrance accounting is used in all budgeted funds to reserve portions of applicable appropriations for which commitments have been made. Encumbrances are recorded for purchase orders, contracts, and other commitments when they are written. Encumbrances are liquidated when the commitments are paid.

NOTE 2 – PURPOSE OF BOND ISSUANCE

<u>Bond Authorization</u>: By approval of the proposition for 2004 Measure G by at least 55% of the registered voters voting on the proposition at the election held on November 2, 2004, San José Evergreen Community College District was authorized to issue and sell bonds of up to \$185,000,000 in aggregate principal amount.

<u>Purpose of Bonds</u>: The proceeds of the Bonds may be used:

"To prepare students for jobs and transfer to four year universities by:

- Building art, science and math classrooms and labs;
- Expanding healthcare job training facilities; and by
- Upgrading, acquiring, constructing and equipping facilities sites and classrooms;"

As required by the California Constitution, the proceeds from the sale of bonds will be used only for the construction, reconstruction, rehabilitation or replacement of school facilities including the furnishing and equipping of school facilities and not for any other purpose, including teacher and administrative salaries and other school operating expenses.

NOTE 3 – GENERAL OBLIGATION BOND ISSUANCES

The Bonds represent an obligation of the District payable solely from ad valorem property taxes levied and collected by the County of Santa Clara on properties within the District. The Board of Supervisors of Santa Clara County has power and is obligated to annually levy ad valorem taxes for the payment of interest on, and principal of, the Bonds upon all property subject to taxation by the District without limitation of rate or amount, except as to certain personal property which is taxable at limited rates.

In May 2005, the District issued the 2004 General Obligation Bonds, Series A in the amount of \$55,391,474. The bonds were partially refunded in 2014 and the remaining bonds were refunded in 2015.

In February 2008, the District issued 2004 General Obligation Bonds, Series B in the amount of \$97,999,946. A portion of the bonds were refunded in 2015. The remaining bonds mature through September 1, 2032, with interest yields ranging from three to seven percent.

In April 2014, the District issued 2004 General Obligation Bonds, Series C in the amount of \$31,605,000. The bonds mature beginning on September 1, 2015 through September 1, 2032, with interest yields ranging from two to five percent.

NOTE 3 – GENERAL OBLIGATION BOND ISSUANCES, continued

The general long-term liabilities maturity schedules for the 2004 General Obligation Bonds Series B and C are as follows:

| Fiscal Year | Principal | Interest | Total |

In April 2014, the District issued \$50,850,000 and \$48,275,000 of 2014 General Obligation Refunding Bonds as Series A and Series B. The proceeds from the sale of the bonds were used to advance refund a portion of the District's outstanding 2004 General Obligation Refunding Bonds, 2004 General Obligation Bonds, Series A and to pay the costs of issuing the 2014 Refunding Bonds. At June 30, 2015, \$52,410,000 of the 2004 General Obligation Refunding Bonds and \$44,000,057 of the 2004 General Obligation, Series A bonds were considered defeased through the 2014 Refunding Bonds.

In June 2015, the District issued \$81,765,000 of 2015 General Obligation Refunding Bonds as Series A and Series B. The proceeds from the sale of the bonds were used to advance refund the District's outstanding 2004 General Obligation Bonds, Series A, a portion of the 2004 General Obligation Bonds, Series B and to pay the costs of issuing the 2015 Refunding Bonds. At June 30, 2015, \$10,021,418 of the 2004 General Obligation Bonds, Series A and \$71,265,000 of the 2004 General Obligation, Series B bonds were considered defeased through the 2015 Refunding Bonds.

NOTE 4 – CONSTRUCTION COMMITMENTS

As of June 30, 2017, the District had \$0 in outstanding encumbered commitments on 2004 General Obligation Bond construction contracts.

NOTE 5 – PRIOR PERIOD ADJUSTMENT

The beginning net position of the 2004 Measure G General Obligation Bonds has been restated by \$9,699,994. The restatement was made in order to allocate expenditures spent out of the 2010 Measure G General Obligation Bonds in prior fiscal years to the 2004 Measure G Bonds, in order to close out the 2004 Measure G Bonds in the 2016-17 fiscal year. The District obtained a legal review from bond counsel to ensure that all transferred expenditures were valid under the ballot languages of both 2004 and 2010 Measure G and therefore compliant with all applicable laws and regulations.

SUPPLEMENTARY INFORMATION SECTION

LEGISLATIVE HISTORY

On November 7, 2000, California voters approved Proposition 39, the Smaller Classes, Safer Schools, and Financial Accountability Act. Proposition 39 amended portions of the California Constitution to provide for the issuance of general obligation bonds by school districts, community college districts, or county offices of education, "for the construction, reconstruction, rehabilitation or replacement of school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of real property for school facilities", upon approval by 55% of the electorate.

Education Code Section 15278 provides additional accountability measures:

- 1. A requirement that the school district establish and appoint members to an independent citizens' oversight committee.
- A requirement that the school district expend bond funds only for the purposes described in Section 1(b)(3) of Article XIII A of the California Constitution, and ensuring that no funds are used for any teacher or administrative salaries or other school operating expenses.
- 3. A requirement to conduct an annual independent performance audit required by Section 1(b)(3)C of Article XIII A of the California Constitution.
- 4. A requirement to conduct an annual independent financial audit required by Section 1(b)(3)D of Article XIII A of the California Constitution.

SAN JOSÉ/EVERGREEN COMMUNITY COLLEGE DISTRICT GENERAL OBLIGATION BONDS, 2004 MEASURE G

The San José/Evergreen Community College District, Santa Clara County, California Election of 2004 General Obligation Bonds, Measure G were authorized at an election of the registered voters of the San José/Evergreen Community College District held on November 2, 2004 at which more than fifty-five percent of the persons voting on the proposition voted to authorize the issuance and sale of \$185,000,000 principal amount of general obligation bonds of the District. The Bonds are being issued to finance the acquisition, construction and modernization of certain District property and facilities. The Bonds are general obligations of the District, payable solely from ad valorem property taxes. A summary of the text of the ballot language was as follows:

"To prepare students for jobs and transfer to four year universities by:

- Building art, science and math classrooms and labs;
- Expanding healthcare job training facilities; and by
- Upgrading, acquiring, constructing and equipping facilities sites and classrooms;

shall San José/Evergreen Community College District issue \$185 million in bonds, at legal rates, with citizen's oversight, guaranteed annual audits, and no money for administrators' salaries and without increasing existing tax rates?"

OTHER REPORTS

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Trustees San José/Evergreen Community College District San Jose, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of San José/Evergreen Community College District (the "District") 2004 General Obligation Bond Funds (the "2004 Bond Funds") as of and for the year ended June 30, 2017, and the related notes to the financial statements, and have issued our report thereon dated October 13, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over 2004 Bond Fund financial reporting. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting for the 2004 Bond Funds.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the San José/Evergreen Community College District's 2004 Bond Funds' financial statements are free of material misstatement, we performed tests of the Bond Funds' compliance with certain provisions of laws, regulations, and contracts, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance for the Bond Funds. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance for the Bond Fund. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT

To the Board of Trustees San José/Evergreen Community College District San Jose, California

We have conducted a performance audit of the San José/Evergreen Community College District (the "District") 2004 Measure G General Obligation Bond funds for the year ended June 30, 2017.

We conducted our performance audit in accordance with Government Auditing Standards issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our conclusion based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our conclusions based on our audit objectives.

Our audit was limited to the objectives listed on page 5 of this report which includes determining the compliance with the performance requirements for the Proposition 39 2004 Measure G General Obligation Bonds under the applicable provisions of Section 1(b)(3)(C) of Article XIIIA of the California Constitution and Proposition 39 as they apply to the bonds and the net proceeds thereof. Management is responsible for San José/Evergreen Community College District's compliance with those requirements.

Solely to assist us in planning and performing our performance audit, we obtained an understanding of the internal controls of San José/Evergreen Community College District to determine if internal controls were adequate to help ensure the District's compliance with the requirements of Proposition 39, as specified by Section 1(b)(3)C of Article XIII A of the California Constitution. Accordingly, we do not express any assurance on the internal controls.

The results of our tests indicated that, in all significant respects, San José/Evergreen Community College District expended 2004 Measure G General Obligation Bond funds for the year ended June 30, 2017 only for specific projects developed by the District's Board of Trustees and approved by the voters, in accordance with the requirements of Proposition 39, as specified by Section 1(b)(3)C of Article XIII A of the California Constitution.

SAN JOSÉ/EVERGREEN COMMUNITY COLLEGE DISTRICT 2004 MEASURE G GENERAL OBLIGATION BONDS, continued

In November 2004, the constituents of the District approved Measure G authorizing the District to issue \$185,000,000 in general obligation bonds. As of June 30, 2016, the District has issued \$184,996,420 of 2004 Measure G bonds.

In May 2005, the District issued the 2004 General Obligation Bonds, Series A in the amount of \$55,391,474. The bonds mature beginning on September 1, 2006 through September 1, 2029, with interest yields ranging from three to five percent.

In February 2008, the District issued 2004 General Obligation Bonds, Series B in the amount of \$97,999,946. The bonds mature beginning on September 1, 2010 through September 1, 2032, with interest yields ranging from three to seven percent.

In April 2014, the District issued 2004 General Obligation Bonds, Series C in the amount of \$31,605,000. The bonds mature beginning on September 1, 2015 through September 1, 2032, with interest yields ranging from two to five percent.

PERFORMANCE AUDIT

OBJECTIVES

The objective of our performance audit was to determine that the District expended 2004 Measure G General Obligation Bond funds for the year ended June 30, 2017 only for the purposes approved by the voters and only on the specific projects developed by the District's Board of Trustees, in accordance with the requirements of Proposition 39, as specified by Section 1(b)(3)C of Article XIII A of the California Constitution.

SCOPE

The District provided to us a list of all 2004 Measure G General Obligation Bond project expenditures for the year ended June 30, 2017 (the "List"). The listing of transactions represented \$12,861,752 in expenditures from July 1, 2016 through June 30, 2017.

METHODOLOGY

We performed the following procedures to the List of 2004 Measure G General Obligation Bond project expenditures for the year ended June 30, 2017:

- Interviewed District management related to controls over planning, bidding, contracting, expenditure of bond funds and financial reporting and determined that controls have been put in place and are working as documented.
- Documented District procedures and controls over planning, bidding, contracting, expenditure of bond funds and financial reporting.
- Performed tests to determine that the District controls over planning, bidding, contracting, expenditure of bond funds and financial reporting have been put in place and are working as documented.
- Verified the mathematical accuracy of the List.
- Reconciled the List to total bond expenditures as reported by the District in the District's audited financial statements for the year ended June 30, 2017, presented as the 2004 General Obligation Bond Funds.
- We selected a sample of expenditures totaling \$10,559,942. The sample was selected to provide a
 representation across specific construction projects, vendors and expenditure amounts. The sample
 represented 82% of the total expenditure amounts. We verified that the expenditures were for the
 approved projects and were expended for the upgrading, acquiring, constructing and equipping of
 school facilities, including building art, science and math classrooms and labs, or expanding
 healthcare job training facilities.

CONCLUSION

The results of our tests indicated that, in all significant respects, San José/Evergreen Community College District expended 2004 Measure G General Obligation Bond funds for the year ended June 30, 2017 only for the specific projects developed by the District's Governing Board and approved by the voters, in accordance with the requirements of Proposition 39, as specified by Section 1(b)(3)(C) of Article XIIIA of the California Constitution.

INDEPENDENT AUDITORS' REPORT

To the Board of Trustees San José/Evergreen Community College District San Jose, California

Report on the Financial Statements

We have audited the accompanying financial statements of San José/Evergreen Community College District (the "District") 2010 Measure G General Obligation Bonds activity included in the 2010 General Obligation Bond Funds (the "2010 Bond Funds") of the District as of and for the year ended June 30, 2017, and the related notes to the financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the 2010 Bond Funds of San José/Evergreen Community College District, as of June 30, 2017, and the changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1, the financial statements present only the District's 2010 Bond Funds and do not purport to, and do not, present fairly the financial position of the District as of June 30, 2017, and the changes in financial position for the year then ended, in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matters

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements of the San José/Evergreen Community College District's 2010 Measure G General Obligation Bond Funds. The Purpose of Bond Issuance on pages 10 and 11 of this report and the Citizen's Bond Oversight Committee Members are presented for purposes of additional analysis and are not a required part of the financial statements. The information has not been subjected to the auditing procedures applied in the audit of the financial statements and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated October 13, 2017on our consideration of the District's internal control over financial reporting and on our test of its compliance with certain provisions of laws, regulations, contracts and other matters for the 2010 Bond Funds. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance for the Bond Funds. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering San José/Evergreen Community College District's internal control over financial reporting and compliance for the Bond Funds.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

San José/Evergreen Community College District (the "District") accounts for its 2010 General Obligation Bond Funds' ("Bond Funds") financial transactions in accordance with policies and procedures of the State Chancellor's Office's California Community Colleges Budget and Accounting Manual. The accounting policies of the 2010 Bond Funds conform to accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB). The following is a summary of the significant accounting policies:

<u>Financial Reporting Entity</u>: The financial statements include only the Bond Funds' 2010 General Obligation Bond Resources of the District. The funds were established to account for the expenditures of general obligation bonds issued under the General Obligation Bonds (Election of 2010, Series A, B, C and D). The authorized issuance amount of the bonds is \$268,000,000. These financial statements are not intended to present fairly the financial position and results of operations of the District in compliance with accounting principles generally accepted in the United States of America.

<u>Basis of Accounting</u>: Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of measurement made, regardless of the measurement focus applied.

The financial statements represent the 2010 General Obligation Bond Funds of the District and are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or within 60 days after year end. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred.

<u>Cash and Cash Equivalents</u>: For the purpose of the financial statements, cash equivalents are defined as financial instruments with an original maturity of three months or less. Funds invested in the Santa Clara County Treasury are considered cash equivalents.

<u>Due from District</u>: At June 30, 2017, an interfund receivable totaling \$52,169,423 was due from the District's general fund to the Bond Funds.

<u>Restricted Fund Balance</u>: Restricted fund balance includes resources which are legally or contractually restricted by external third parties. Fund balance is restricted for capital projects of the 2010 Bond Funds in accordance with the Bond Project List for 2010 Measure G General Obligation Bonds.

<u>Accounting Estimates</u>: The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Encumbrances: Encumbrance accounting is used in all budgeted funds to reserve portions of applicable appropriations for which commitments have been made. Encumbrances are recorded for purchase orders, contracts, and other commitments when they are written. Encumbrances are liquidated when the commitments are paid.

NOTE 2 – CASH AND CASH EQUIVALENTS

Cash and cash equivalents at June 30, 2017 consisted of \$21,637,823 held in the County Treasury investment pool.

<u>Credit Risk</u>: In accordance with Education Code Section 41001, the Bond Funds maintain all of their cash in the Santa Clara County Treasury. The County Treasurer of Santa Clara County acts as the 2010 Measure G General Obligation Bonds Fiscal Agent. The County pools these funds with those of other districts in the County and invests the cash. These pooled funds are carried at fair value. Interest earned is deposited quarterly into participating funds. Any investment losses are proportionately shared by all funds in the pool.

Because the Bond Funds' deposits are maintained in a recognized pooled investment fund under the care of a third party and the Bond Funds' share of the pooled investment fund does not consist of specific, identifiable investment securities owned by the District, no disclosure of the individual deposits and investments or related custodial credit risk classifications is required.

In accordance with applicable State laws, the Santa Clara County Treasurer may invest in derivative securities. However, at June 30, 2017, the Santa Clara County Treasurer has represented that the Treasurer's pooled investment fund contained no derivatives or other investments with similar risk profiles.

<u>Investments Authorized by Debt Agreements</u>: Investment of debt proceeds held by bond trustees are governed by provisions of the debt agreements, rather than the general provisions of the California Government Code or the District's investment policy. The table below identifies the investment types that are authorized for investments held by bond trustees. The table also identifies certain provisions of these debt agreements that address interest rate risk, credit risk, and concentration of credit risk.

| | | Maximum | Maximum |
|-------------------------------|----------|------------|---------------|
| | Maximum | Percentage | Investment in |
| Authorized Investment Type | Maturity | Allowed | One Issuer |
| County Pooled Investment Fund | None | None | None |

NOTE 2 – CASH AND CASH EQUIVALENTS

<u>Disclosures Relating to Interest Rate Risk</u>: Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates.

Information about the sensitivity of the fair values of the District's investments to market interest rate fluctuations is provided by the following table that shows the maturity date of each investment:

| | Weighted |
|------------------------------------|-----------|
| | Average |
| | Maturity |
| Investment Type | (in Days) |
| Santa Clara County Investment Pool | 528 |

<u>Concentration of Credit Risk</u>: The District's investment policy places limits on the amount it may invest in any one issuer. At June 30, 2017, the District had no concentration of credit risk.

NOTE 3 – PURPOSE OF BOND ISSUANCE

<u>Bond Authorization</u>: By approval of the proposition for 2010 Measure G by at least 55% of the registered voters voting on the proposition at the election held on November 2, 2010, San José Evergreen Community College District was authorized to issue and sell bonds of up to \$268,000,000 in aggregate principal amount.

<u>Purpose of Bonds</u>: The proceeds of the Bonds may be used:

"To better prepare San Jose City College/ Evergreen Valley College students for good paying jobs and transfer to four-year colleges, shall San Jose Evergreen Community College District upgrade, acquire, construct energy-efficient, technology-driven teaching classrooms, labs, sites, facilities/ equipment for health/ science, general education/ job-training, upgrade outdated electrical, plumbing, heating/ ventilation systems, by issuing \$268 million in bonds at legal rates, qualifying for matching funds, with citizen oversight, no money for administrator salaries, all funds staying local?"

As required by the California Constitution, the proceeds from the sale of bonds will be used only for the construction, reconstruction, rehabilitation or replacement of school facilities including the furnishing and equipping of school facilities and not for any other purpose, including teacher and administrative salaries and other school operating expenses.

NOTE 4 – GENERAL OBLIGATION BOND ISSUANCES

The Bonds represent an obligation of the District payable solely from ad valorem property taxes levied and collected by the County of Santa Clara on properties within the District. The Board of Supervisors of Santa Clara County has power and is obligated to annually levy ad valorem taxes for the payment of interest on, and principal of, the Bonds upon all property subject to taxation by the District without limitation of rate or amount, except as to certain personal property which is taxable at limited rates.

In February 2012, the District issued the 2010 General Obligation Bonds, Series A in the amount of \$70,000,000. The bonds mature beginning on August 1, 2012 through August 1, 2041, with interest yields ranging from two to four percent.

In February 2012, the District issued 2010 General Obligation Bonds, Series B in the amount of \$20,000,000. The bonds mature beginning on August 1, 2012 through August 1, 2032, with interest yields ranging from two to four percent.

In April 2014, the District issued 2010 General Obligation Bonds, Series C in the amount of \$120,000,000. The bonds mature beginning on September 1, 2015 through September 1, 2043, with interest yields ranging from two to five percent.

In May 2016, the District issued 2010 General Obligation Bonds, Series D in the amount of \$58,000,000. The bonds mature beginning on September 1, 2017 through September 1, 2037, with interest yields ranging from one to three percent.

The general long-term liabilities maturity schedules for the 2010 General Obligation Bonds Series A are as follows:

NOTE 5 – CONSTRUCTION COMMITMENTS

As of June 30, 2017, the District had approximately \$8.8 million in outstanding encumbered commitments on 2010 General Obligation Bond construction contracts.

NOTE 6 – PRIOR PERIOD ADJUSTMENT

The beginning net position of the 2010 Measure G General Obligation Bonds has been restated by \$9,699,994. The restatement was made in order to allocate expenditures spent out of the 2010 Measure G General Obligation Bonds in prior fiscal years to the 2004 Measure G Bonds, in order to close out the 2004 Measure G Bonds in the 2016-17 fiscal year. The District obtained a legal review from bond counsel to ensure that all transferred expenditures were valid under the ballot languages of both 2004 and 2010 Measure G and therefore compliant with all applicable laws and regulations.

SUPPLEMENTARY INFORMATION SECTION

LEGISLATIVE HISTORY

On November 7, 2000, California voters approved Proposition 39, the Smaller Classes, Safer Schools, and Financial Accountability Act. Proposition 39 amended portions of the California Constitution to provide for the issuance of general obligation bonds by school districts, community college districts, or county offices of education, "for the construction, reconstruction, rehabilitation or replacement of school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of real property for school facilities", upon approval by 55% of the electorate.

Education Code Section 15278 provides additional accountability measures:

- 1. A requirement that the school district establish and appoint members to an independent citizens' oversight committee.
- 2. A requirement that the school district expend bond funds only for the purposes described in Section 1(b)(3) of Article XIII A of the California Constitution, and ensuring that no funds are used for any teacher or administrative salaries or other school operating expenses.
- 3. A requirement to conduct an annual independent performance audit required by Section 1(b)(3)C of Article XIII A of the California Constitution.
- 4. A requirement to conduct an annual independent financial audit required by Section 1(b)(3)D of Article XIII A of the California Constitution.

SAN JOSÉ/EVERGREEN COMMUNITY COLLEGE DISTRICT GENERAL OBLIGATION BONDS, 2010 MEASURE G

The San José/Evergreen Community College District, Santa Clara County, California Election of 2010 General Obligation Bonds, 2010 Measure G were authorized at an election of the registered voters of the San José/Evergreen Community College District held on November 2, 2010 at which more than fifty-five percent of the persons voting on the proposition voted to authorize the issuance and sale of \$268,000,000 principal amount of general obligation bonds of the District. The Bonds are being issued to finance the acquisition, construction and modernization of certain District property and facilities. The Bonds are general obligations of the District, payable solely from ad valorem property taxes. A summary of the text of the ballot language was as follows:

"To better prepare San Jose City College/ Evergreen Valley College students for good paying jobs and transfer to four-year colleges, shall San Jose Evergreen Community College District upgrade, acquire, construct energy-efficient, technology-driven teaching classrooms, labs, sites, facilities/ equipment for health/ science, general education/ job-training, upgrade outdated electrical, plumbing, heating/ ventilation systems, by issuing \$268 million in bonds at legal rates, qualifying for matching funds, with citizen oversight, no money for administrator salaries, all funds staying local?"

SAN JOSÉ/EVERGREEN COMMUNITY COLLEGE DISTRICT GENERAL OBLIGATION BONDS, 2010 MEASURE G, continued

The District's Board of Trustees developed the following Bond Project List for the 2010 Measure G Bonds:

- Upgrade labs for science and medical training programs.
- Provide classrooms for math, science, writing, and other core academic classes.
- Update classrooms and facilities for improved job training and career technical education.
- Update classrooms and educational facilities to meet current fire and safety codes and provide access for students with disabilities.
- Upgrade facilities to improve energy efficiency and reduce operating expenses, allowing more funding for classroom instruction and student services.
- Establish a technology endowment to maintain up-to-date computer learning necessary for a 21st Century education.

FURTHER SPECIFICATIONS

<u>No Administrator Salaries</u>: Proceeds from the sale of bonds authorized by this measure shall be used only for the construction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities or the acquisition or lease of real property for school facilities and not for any other purpose, including teacher and administrator salaries and other school operating expenses.

OTHER REPORTS

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Trustees San José/Evergreen Community College District San Jose, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of San José/Evergreen Community College District (the "District") 2010 General Obligation Bond Funds (the "2010 Bond Funds") as of and for the year ended June 30, 2017, and the related notes to the financial statements, and have issued our report thereon dated October 13, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over 2010 Bond Fund financial reporting. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting for the 2010 Bond Funds.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the San José/Evergreen Community College District's 2010 Bond Funds' financial statements are free of material misstatement, we performed tests of the Bond Funds' compliance with certain provisions of laws, regulations, and contracts, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance for the Bond Funds. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance for the Bond Fund. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT

To the Board of Trustees San José/Evergreen Community College District San Jose, California

We have conducted a performance audit of the San José/Evergreen Community College District (the "District") 2010 Measure G General Obligation Bond funds for the year ended June 30, 2017.

We conducted our performance audit in accordance with Government Auditing Standards issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our conclusion based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our conclusions based on our audit objectives.

Our audit was limited to the objectives listed on page 4 of this report which includes determining the compliance with the performance requirements for the Proposition 39 2010 Measure G General Obligation Bonds under the applicable provisions of Section 1(b)(3)(C) of Article XIIIA of the California Constitution and Proposition 39 as they apply to the bonds and the net proceeds thereof. Management is responsible for San José/Evergreen Community College District's compliance with those requirements.

Solely to assist us in planning and performing our performance audit, we obtained an understanding of the internal controls of San José/Evergreen Community College District to determine if internal controls were adequate to help ensure the District's compliance with the requirements of Proposition 39, as specified by Section 1(b)(3)C of Article XIII A of the California Constitution. Accordingly, we do not express any assurance on the internal controls.

The results of our tests indicated that, in all significant respects, San José/Evergreen Community College District expended 2010 Measure G General Obligation Bond funds for the year ended June 30, 2017 only for specific projects developed by the District's Board of Trustees and approved by the voters, in accordance with the requirements of Proposition 39, as specified by Section 1(b)(3)C of Article XIII A of the California Constitution.

PERFORMANCE AUDIT

OBJECTIVES

The objective of our performance audit was to determine that the District expended 2010 Measure G General Obligation Bond funds for the year ended June 30, 2017 only for the purposes approved by the voters and only on the specific projects developed by the District's Board of Trustees, in accordance with the requirements of Proposition 39, as specified by Section 1(b)(3)C of Article XIII A of the California Constitution.

SCOPE

The District provided to us a list of all 2010 Measure G General Obligation Bond project expenditures for the year ended June 30, 2017 (the "List"). The list of transactions represented \$24,874,513 in expenditures from July 1, 2016 through June 30, 2017.

METHODOLOGY

We performed the following procedures to the List of 2010 Measure G General Obligation Bond project expenditures for the year ended June 30, 2017:

- Interviewed District management related to controls over planning, bidding, contracting, expenditure of bond funds and financial reporting and determined that controls have been put in place and are working as documented.
- Documented District procedures and controls over planning, bidding, contracting, expenditure of bond funds and financial reporting.
- Performed tests to determine that the District controls over planning, bidding, contracting, expenditure of bond funds and financial reporting have been put in place and are working as documented.
- Verified the mathematical accuracy of the List.
- Reconciled the List to total bond expenditures as reported by the District in the District's audited financial statements for the year ended June 30, 2017, presented as the 2010 General Obligation Bond funds.
- We selected a sample of expenditures totaling \$8,992,807. The sample was selected to provide a
 representation across specific construction projects, vendors and expenditure amounts. The sample
 represented 36% of the total expenditure value. We verified that the expenditures were for the
 approved projects and were expended for the upgrading, acquiring, constructing and equipping of
 school facilities, including building art, science and math classrooms and labs, or expanding
 healthcare job training facilities.

CONCLUSION

The results of our tests indicated that, in all significant respects, San José/Evergreen Community College District expended 2010 Measure G General Obligation Bond funds for the year ended June 30, 2017 only for the specific projects developed by the District's Governing Board and approved by the voters, in accordance with the requirements of Proposition 39, as specified by Section 1(b)(3)(C) of Article XIIIA of the California Constitution.

INDEPENDENT AUDITORS' REPORT

To the Board of Trustees San José/Evergreen Community College District San Jose, California

Report on the Financial Statements

We have audited the accompanying financial statements of San José/Evergreen Community College District (the "District") Measure X General Obligation Bonds activity included in the Measure X General Obligation Bond Funds (the "Measure X Bond Funds") of the District as of and for the year ended June 30, 2017, and the related notes to the financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Measure X Bond Funds of San José/Evergreen Community College District, as of June 30, 2017, and the changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1, the financial statements present only the District's Measure X Bond Funds and do not purport to, and do not, present fairly the financial position of the District as of June 30, 2017, and the changes in financial position for the year then ended, in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matters

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements of the San José/Evergreen Community College District's Measure X General Obligation Bond Funds. The Purpose of Bond Issuance on pages 10 and 11 of this report and the Citizen's Bond Oversight Committee Members are presented for purposes of additional analysis and are not a required part of the financial statements. The information has not been subjected to the auditing procedures applied in the audit of the financial statements and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated October 13, 2017 on our consideration of the District's internal control over financial reporting and on our test of its compliance with certain provisions of laws, regulations, contracts and other matters for the Measure X Bond Funds. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance for the Bond Funds. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering San José/Evergreen Community College District's internal control over financial reporting and compliance for the Bond Funds.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

San José/Evergreen Community College District (the "District") accounts for its Measure X General Obligation Bond Funds' ("Bond Funds") financial transactions in accordance with policies and procedures of the State Chancellor's Office's California Community Colleges Budget and Accounting Manual. The accounting policies of the Measure X Bond Funds conform to accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB). The following is a summary of the significant accounting policies:

<u>Financial Reporting Entity</u>: The financial statements include only the Bond Funds' Measure X General Obligation Bond Resources of the District. The funds were established to account for the expenditures of general obligation bonds issued under the General Obligation Bonds. The authorized issuance amount of the bonds is \$748,000,000. These financial statements are not intended to present fairly the financial position and results of operations of the District in compliance with accounting principles generally accepted in the United States of America.

<u>Basis of Accounting</u>: Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of measurement made, regardless of the measurement focus applied.

The financial statements represent the Measure X General Obligation Bond Funds of the District and are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or within 60 days after year end. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred.

<u>Cash and Cash Equivalents</u>: For the purpose of the financial statements, cash equivalents are defined as financial instruments with an original maturity of three months or less. Funds invested in the Santa Clara County Treasury are considered cash equivalents.

<u>Due to District</u>: At June 30, 2017, an interfund payable totaling \$626,341 was due to the District's general fund from the Measure X Bond Fund.

<u>Restricted Fund Balance</u>: Restricted fund balance includes resources which are legally or contractually restricted by external third parties. Fund balance is restricted for capital projects of the Measure X Bond Funds in accordance with the Bond Project List for Measure X General Obligation Bonds.

<u>Accounting Estimates</u>: The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Encumbrances: Encumbrance accounting is used in all budgeted funds to reserve portions of applicable appropriations for which commitments have been made. Encumbrances are recorded for purchase orders, contracts, and other commitments when they are written. Encumbrances are liquidated when the commitments are paid.

NOTE 2 – CASH AND CASH EQUIVALENTS

Cash and cash equivalents at June 30, 2017 consisted of \$0 held in the County Treasury investment pool.

<u>Credit Risk</u>: In accordance with Education Code Section 41001, the Bond Funds maintain all of their cash in the Santa Clara County Treasury. The County Treasurer of Santa Clara County acts as the Measure X General Obligation Bonds Fiscal Agent. The County pools these funds with those of other districts in the County and invests the cash. These pooled funds are carried at fair value. Interest earned is deposited quarterly into participating funds. Any investment losses are proportionately shared by all funds in the pool.

Because the Bond Funds' deposits are maintained in a recognized pooled investment fund under the care of a third party and the Bond Funds' share of the pooled investment fund does not consist of specific, identifiable investment securities owned by the District, no disclosure of the individual deposits and investments or related custodial credit risk classifications is required.

In accordance with applicable State laws, the Santa Clara County Treasurer may invest in derivative securities. However, at June 30, 2017, the Santa Clara County Treasurer has represented that the Treasurer's pooled investment fund contained no derivatives or other investments with similar risk profiles.

<u>Investments Authorized by Debt Agreements</u>: Investment of debt proceeds held by bond trustees are governed by provisions of the debt agreements, rather than the general provisions of the California Government Code or the District's investment policy. The table below identifies the investment types that are authorized for investments held by bond trustees. The table also identifies certain provisions of these debt agreements that address interest rate risk, credit risk, and concentration of credit risk.

| | | Maximum | Maximum |
|-------------------------------|----------|------------|---------------|
| | Maximum | Percentage | Investment in |
| Authorized Investment Type | Maturity | Allowed | One Issuer |
| County Pooled Investment Fund | None | None | None |

NOTE 2 – CASH AND CASH EQUIVALENTS, continued

<u>Disclosures Relating to Interest Rate Risk</u>: Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates.

Information about the sensitivity of the fair values of the District's investments to market interest rate fluctuations is provided by the following table that shows the maturity date of each investment:

| | Weighted |
|------------------------------------|-----------|
| | Average |
| | Maturity |
| Investment Type | (in Days) |
| Santa Clara County Investment Pool | 439 |

<u>Concentration of Credit Risk</u>: The District's investment policy places limits on the amount it may invest in any one issuer. At June 30, 2017, the District had no concentration of credit risk.

NOTE 3 – INTERFUND TRANSACTIONS

As of June 30, 2017, the Measure X General Obligation bond fund had an interfund payable of \$626,341 due to the General Fund. Interfund receivables and payables are paid and cleared in the subsequent period.

NOTE 4 – PURPOSE OF BOND ISSUANCE

<u>Bond Authorization</u>: By approval of the proposition for Measure X by at least 55% of the registered voters voting on the proposition at the election held on November 10, 2016, San José Evergreen Community College District was authorized to issue and sell bonds of up to \$748,000,000 in aggregate principal amount.

<u>Purpose of Bonds</u>: The proceeds of the Bonds may be used:

"To repair/upgrade classrooms to prepare students/veterans for jobs/university transfer by repairing/building nursing, engineering, vocational, technology, science/ job training classrooms, improving campus, earthquake safety/disabled access, remove asbestos/lead paint, acquiring, constructing, repairing sites, facilities/equipment, shall San José- Evergreen Community College District issue \$748,000,000 in bonds at legal rates, no money for administrators' salaries/pensions, requiring citizen oversight, independent audits, all funds used locally?"

As required by the California Constitution, the proceeds from the sale of bonds will be used only for the construction, reconstruction, rehabilitation or replacement of school facilities including the furnishing and equipping of school facilities and not for any other purpose, including teacher and administrative salaries and other school operating expenses

NOTE 5 – CONSTRUCTION COMMITMENTS

As of June 30, 2017, the District had \$0 in outstanding encumbered commitments on Measure X General Obligation Bond construction contracts.

SUPPLEMENTARY INFORMATION SECTION

LEGISLATIVE HISTORY

On November 7, 2000, California voters approved Proposition 39, the Smaller Classes, Safer Schools, and Financial Accountability Act. Proposition 39 amended portions of the California Constitution to provide for the issuance of general obligation bonds by school districts, community college districts, or county offices of education, "for the construction, reconstruction, rehabilitation or replacement of school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of real property for school facilities", upon approval by 55% of the electorate.

Education Code Section 15278 provides additional accountability measures:

- 1. A requirement that the school district establish and appoint members to an independent citizens' oversight committee.
- A requirement that the school district expend bond funds only for the purposes described in Section 1(b)(3) of Article XIII A of the California Constitution, and ensuring that no funds are used for any teacher or administrative salaries or other school operating expenses.
- 3. A requirement to conduct an annual independent performance audit required by Section 1(b)(3)C of Article XIII A of the California Constitution.
- 4. A requirement to conduct an annual independent financial audit required by Section 1(b)(3)D of Article XIII A of the California Constitution.

SAN JOSÉ/EVERGREEN COMMUNITY COLLEGE DISTRICT GENERAL OBLIGATION BONDS, MEASURE X

The San José/Evergreen Community College District, Santa Clara County, California Election of Measure X General Obligation Bonds, Measure X were authorized at an election of the registered voters of the San José/Evergreen Community College District held on November 10, 2016 at which more than fifty-five percent of the persons voting on the proposition voted to authorize the issuance and sale of \$748,000,000 principal amount of general obligation bonds of the District. The Bonds are being issued to finance the acquisition, construction and modernization of certain District property and facilities. The Bonds are general obligations of the District, payable solely from ad valorem property taxes. A summary of the text of the ballot language was as follows:

"To repair/upgrade classrooms to prepare students/veterans for jobs/university transfer by repairing/building nursing, engineering, vocational, technology, science/job training classrooms, improving campus, earthquake safety/disabled access, remove asbestos/lead paint, acquiring, constructing, repairing sites, facilities/equipment, shall San José- Evergreen Community College District issue \$748,000,000 in bonds at legal rates, no money for administrators' salaries/pensions, requiring citizen oversight, independent audits, all funds used locally?"

SAN JOSÉ/EVERGREEN COMMUNITY COLLEGE DISTRICT GENERAL OBLIGATION BONDS, MEASURE X, continued

The District's Board of Trustees developed the following objectives for the Measure X Bonds:

- Repair and upgrade San Jose City College and Evergreen Valley College campuses and classrooms, including:
 - Updating labs for nursing, science, technology and engineering
 - o Expanding educational resources for veterans
 - Improving campus safety and security
 - o Removing asbestos and lead paint, among other priorities

FURTHER SPECIFICATIONS

<u>No Administrator Salaries</u>: Proceeds from the sale of bonds authorized by this measure shall be used only for the construction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities or the acquisition or lease of real property for school facilities and not for any other purpose, including teacher and administrator salaries and other school operating expenses.

OTHER REPORTS

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Trustees San José/Evergreen Community College District San Jose, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of San José/Evergreen Community College District (the "District") General Obligation Bond Funds (the "Measure X Bond Funds") as of and for the year ended June 30, 2017, and the related notes to the financial statements, and have issued our report thereon dated October 13, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over Measure X Bond Fund financial reporting. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting for the Measure X Bond Funds.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the San José/Evergreen Community College District's Measure X Bond Funds' financial statements are free of material misstatement, we performed tests of the Bond Funds' compliance with certain provisions of laws, regulations, and contracts, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance for the Bond Funds. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance for the Bond Fund. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT

To the Board of Trustees San José/Evergreen Community College District San Jose, California

We have conducted a performance audit of the San José/Evergreen Community College District (the "District") Measure X General Obligation Bond funds for the year ended June 30, 2017.

We conducted our performance audit in accordance with Government Auditing Standards issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our conclusion based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our conclusions based on our audit objectives.

Our audit was limited to the objectives listed on page 4 of this report which includes determining the compliance with the performance requirements for the Proposition 39 Measure X General Obligation Bonds under the applicable provisions of Section 1(b)(3)(C) of Article XIIIA of the California Constitution and Proposition 39 as they apply to the bonds and the net proceeds thereof. Management is responsible for San José/Evergreen Community College District's compliance with those requirements.

Solely to assist us in planning and performing our performance audit, we obtained an understanding of the internal controls of San José/Evergreen Community College District to determine if internal controls were adequate to help ensure the District's compliance with the requirements of Proposition 39, as specified by Section 1(b)(3)C of Article XIII A of the California Constitution. Accordingly, we do not express any assurance on the internal controls.

The results of our tests indicated that, in all significant respects, San José/Evergreen Community College District expended Measure X General Obligation Bond funds for the year ended June 30, 2017 only for specific projects developed by the District's Board of Trustees and approved by the voters, in accordance with the requirements of Proposition 39, as specified by Section 1(b)(3)C of Article XIII A of the California Constitution.

BACKGROUND

LEGISLATIVE HISTORY

On November 7, 2000, California voters approved Proposition 39, the Smaller Classes, Safer Schools and Financial Accountability Act. Proposition 39 amended portions of the California Constitution to provide for the issuance of general obligation bonds by school districts, community college districts or county offices of education "for the construction, reconstruction, rehabilitation or replacement of school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of real property for school facilities", upon approval by 55% of the electorate.

Education Code Section 15278 provides additional accountability measures:

- 1. A requirement that the school district establish and appoint members to an independent citizens' oversight committee.
- A requirement that the school district expend bond funds only for the purposes described in Section 1(b)(3) of Article XIII A of the California Constitution, and ensuring that no funds are used for any teacher or administrative salaries or other school operating expenses.
- 3. A requirement to conduct an annual independent performance audit required by Section 1(b)(3)C of Article XIII A of the California Constitution.
- 4. A requirement to conduct an annual independent financial audit required by Section 1(b)(3)D of Article XIII A of the California Constitution.

SAN JOSÉ/EVERGREEN COMMUNITY COLLEGE DISTRICT Measure X GENERAL OBLIGATION BONDS

The San José/Evergreen Community College District, Santa Clara County, California Election of General Obligation Bonds, Measure X were authorized at an election of the registered voters of the San José/Evergreen Community College District held on November 10, 2016 at which more than fifty-five percent of the persons voting on the proposition voted to authorize the issuance and sale of \$748,000,000 principal amount of general obligation bonds of the District. The Bonds are being issued to finance the acquisition, construction and modernization of certain District property and facilities. The Bonds are general obligations of the District, payable solely from *ad valorem* property taxes. A summary of the text of the ballot language was as follows:

"To repair/upgrade classrooms to prepare students/veterans for jobs/university transfer by repairing/building nursing, engineering, vocational, technology, science/job training classrooms, improving campus, earthquake safety/disabled access, remove asbestos/lead paint, acquiring, constructing, repairing sites, facilities/equipment, shall San José- Evergreen Community College District issue \$748,000,000 in bonds at legal rates, no money for administrators' salaries/pensions, requiring citizen oversight, independent audits, all funds used locally?"

SAN JOSÉ/EVERGREEN COMMUNITY COLLEGE DISTRICT MEASURE X GENERAL OBLIGATION BONDS, continued

The District's Board of Trustees developed the following objectives for the Measure X Bonds:

- Repair and upgrade San Jose City College and Evergreen Valley College campuses and classrooms, including:
 - o Updating labs for nursing, science, technology and engineering
 - o Expanding educational resources for veterans
 - o Improving campus safety and security
 - o Removing asbestos and lead paint, among other priorities

In November 2016, the constituents of the District approved Measure X authorizing the District to issue \$748,000,000 in general obligation bonds. As of the date of this report, no funds have been issued out of the Measure X authorization. Funds spent out of Measure X during the 2016-17 fiscal year were the result of interfund borrowing from the general fund.

PERFORMANCE AUDIT

OBJECTIVES

The objective of our performance audit was to determine that the District expended Measure X General Obligation Bond funds for the year ended June 30, 2017 only for the purposes approved by the voters and only on the specific projects developed by the District's Board of Trustees, in accordance with the requirements of Proposition 39, as specified by Section 1(b)(3)C of Article XIII A of the California Constitution.

SCOPE

The District provided to us a list of all Measure X General Obligation Bond project expenditures for the year ended June 30, 2017 (the "List"). The list of transactions represented \$626,341 in expenditures from July 1, 2016 through June 30, 2017.

METHODOLOGY

We performed the following procedures to the List of Measure X General Obligation Bond project expenditures for the year ended June 30, 2017:

- Interviewed District management related to controls over planning, bidding, contracting, expenditure of bond funds and financial reporting and determined that controls have been put in place and are working as documented.
- Documented District procedures and controls over planning, bidding, contracting, expenditure of bond funds and financial reporting.
- Performed tests to determine that the District controls over planning, bidding, contracting, expenditure of bond funds and financial reporting have been put in place and are working as documented.
- Verified the mathematical accuracy of the List.
- Reconciled the List to total bond expenditures as reported by the District in the District's audited financial statements for the year ended June 30, 2017, presented as the Measure X General Obligation Bond funds.
- We selected a sample of expenditures totaling \$626,341. The sample was selected to provide a representation across specific construction projects, vendors and expenditure amounts. The sample represented 100% of the total expenditure value. We verified that the expenditures were for the approved projects and were expended for the upgrading, acquiring, constructing and equipping of school facilities, including building art, science and math classrooms and labs, or expanding healthcare job training facilities.

CONCLUSION

The results of our tests indicated that, in all significant respects, San José/Evergreen Community College District expended Measure X General Obligation Bond funds for the year ended June 30, 2017 only for the specific projects developed by the District's Governing Board and approved by the voters, in accordance with the requirements of Proposition 39, as specified by Section 1(b)(3)(C) of Article XIIIA of the California Constitution.

Agenda Item 10.b.i: Program Financial Reports: Bond List Revision(s): Measure G-2010 – Ann Kennedy

There were three *Measure G-2010 Bond List Revisions* during the reporting period ending September 30, 2017:

- ➤ July 11, 2017 (Two)
- > August 29, 2017

These *Bond List Revisions* were reported upon at the last meeting of the Committee and are included in the financial reports for this period.

There were two *Measure G-2010 Bond List Revisions* that occurred after the reporting period ending September 30, 2017 and prior to this meeting. These revisions took place at the following Board of Trustees' meetings and are reflected in the attached reports:

- ➢ October 24,2017
- *December* 12,2017

The *Bond List Revisions* and the associated back-up from the Board of Trustees' meetings approving these revisions are attached.

Agenda Item Details

| Meeting | Oct 24, 2017 - Governing Board Meeting Agenda |
|--------------------|---|
| Category | H. ACTION AGENDA |
| Subject | 1. Measure G-2010 Bond Program: Bond List Revision No. 39 (Revised) |
| Туре | Action |
| Preferred Date | Oct 24, 2017 |
| Absolute Date | Oct 24, 2017 |
| Fiscal Impact | No |
| Budgeted | No |
| Budget Source | Measure G-2010 |
| Recommended Action | A recommendation that the Board of Trustees review and approve the revisions to the Measure G-2010 bond list, as presented. |

As part of the accountability measures for the Measure G-2010 Bond Program, the management team for the program has put into place a formal process for managing, tracking and presenting to the Board of Trustees all revisions to the Measure G-2010 individual project names, scopes and budgets. This process adheres to the accountability standards outlined by Proposition 39 and provides transparency in the evolution of the project list.

In response to input received from the Board, additional criteria were added to the Bond List Revision process at the August 25th, 2015, Board of Trustees' meeting. These criteria identified an added layer of information and flagging to a Bond List Revision for those projects with substantive changes (a budget change to a single project in excess of \$5 million dollars, the cancellation of a project from the bond list, or the creation of a new project). Receiving further input from the Board, the management team will now separate Bond List Revisions containing "substantive changes" onto a separate, stand alone, Bond List Revision. In the agenda text, the team will state whether or not the item contains substantive changes.

Measure G-2010 Bond List Revision No. 39 does not contain substantive changes based on the criteria set forth above.

Bond List Revision No. 39 has been revised in content since it was first presented to the Board on September 12, 2017. The item that the San José City College Academic Senate objected to has been removed and additional items have been added. This Bond List Revision includes non-substantive budget transfers and name and scope updates as follows:

- Available budget is being transferred from Project 31199- Campus Contingency San José City to Projects 31323- Relocate Adaptive PE and 31328- Wayfinding, Signage and Site Fencing to accommodate budget needs
- Savings from Projects 31331- Building Interior Finishes and 31335- GE Building Interior Finishes are being transferred to Project 31199- Campus Contingency San José City
- Available budget is being transferred from Project 31125- New Gym Sitework and Auxiliary Buildings to Projects 31328- Wayfinding, Signage and Site Fencing and 31321- Parking Lot and Street Repairs to accommodate budget needs
- Name change and scope update to Project 31332- Central Plant Equipment & Controls to appropriately identify the scope of work of this project
- Savings from Projects 32314- Physical Security, 32111- Automotive Technology, 32116- Central Green, 32313- Parking Lot and Street Repairs, 32702- IT Infrastructure Improvements and 32108- Admin and Student Services Remodel and Consolidation are being transferred to 32299- Campus Contingency- Evergreen
- Name change to Project 25103 Energy Efficiency Clean Energy, Year 2 to reflect continued Proposition 39 funding from the State of California
- Available budget is being transferred from Project 39399- District-wide Contingency to Project 39307- Vehicle Replacement to accommodate additional district vehicle needs
- Allocation of Fiscal Year 2016-17 fourth quarter earnings to Projects 39905- Management and Related Costs and 39999-Election/Legal/EIR/DO Labor and Related

Please refer to the attached Bond List Revisions Approval Request report and the Summary of Current Changes report for details on each project revision included on the revised G-2010 Bond List Revision #39 dated October 24, 2017.

This Bond List Revision has been approved by the San José City College Vice President of Administrative Services, the Evergreen Valley College President and the Vice Chancellor of Administrative Services.

Agenda Item Details

| Meeting | Dec 12, 2017 - Governing Board Meeting Agenda |
|--------------------|---|
| Category | H. ACTION AGENDA |
| Subject | 3. Measure G-2010 Bond Program: Bond List Revision No. 40 |
| Туре | Action |
| Preferred Date | Dec 12, 2017 |
| Absolute Date | Dec 12, 2017 |
| Fiscal Impact | No |
| Budgeted | No |
| Budget Source | Measure G-2010 |
| Recommended Action | A recommendation that the Board of Trustees review and approve the revisions to the Measure G-2010 bond list, as presented. |

As part of the accountability measures for the Measure G-2010 Bond Program, the management team for the program has put into place a formal process for managing, tracking and presenting to the Board of Trustees all revisions to the Measure G-2010 individual project names, scopes and budgets. This process adheres to the accountability standards outlined by Proposition 39 and provides transparency in the evolution of the project list.

In response to input received from the Board, additional criteria were added to the Bond List Revision process at the August 25th, 2015, Board of Trustees' meeting. These criteria identified an added layer of information and flagging to a Bond List Revision for those projects with substantive changes (a budget change to a single project in excess of \$5 million dollars, the cancellation of a project from the bond list, or the creation of a new project). Receiving further input from the Board, the management team will now separate Bond List Revisions containing "substantive changes" onto a separate, stand alone, Bond List Revision. In the agenda text, the team will state whether or not the item contains substantive changes.

Measure G-2010 Bond List Revision No. 40 does not contain substantive changes based on the criteria set forth above.

12/12/2017

BoardDocs® Plus

Bond List Revision No. 40 allocates Fiscal Year 2017-18 first quarter earnings and additional Fiscal Year 2016-17 earnings to Projects 39905- Management and Related Costs and 39999- Election/Legal/EIR/DO Labor and Related.

Evergreen Valley College Project 32126 is being renamed from "Acacia Renovation Phase III" to "Acacia Renovation Phase III (Endowment)" to identify the General Obligation Bond Fund Endowment Fund Series B as the funding source of this project.

Please refer to the attached Bond List Revisions Approval Request report and the Summary of Current Changes report for details on each project revision included on the G-2010 Bond List Revision No. 40 dated December 12, 2017.

This Bond List Revision has been approved by the San José City College Vice President of Administrative Services, the Evergreen Valley College President and the Vice Chancellor of Administrative Services.
