<u>Present:</u>	Cory Demar Leo Cortez Bethel Demar Linda Reiners Matthew Mahood	Community At-Large Support Organization Community At-Large Business Community Business Community
<u>Absent:</u>	Rose Regalado	Senior Citizens' Organization
<u>Staff:</u>	Byron Breland Jorge Escobar  Terrance DeGray  Ann Kennedy Mike Chegini Mark Newton	Chancellor, SJECCD Vice Chancellor of Administrative Services, SJECCD Associate Vice Chancellor, Physical Plant Development and Operations, SJECCD Financial Manager, AKG Communications Manager, AKG Program Manager, Brailsford & Dunlavey

### **AGENDA:**

1. Call to Order  
The meeting was called to order at 6:05 PM with a quorum by Mr. Demar.
2. Approval of Agenda  
Motioned by Mr. Mahood, seconded by Ms. Demar. The Committee unanimously approved the agenda as presented.
3. Approval of Meeting Minutes from February 25, 2020  
Motioned by Ms. Reiners, seconded by Mr. Mahood. The Committee unanimously approved the minutes as presented.
4. Meeting Notes from July 6, 2020  
Mr. Demar noted that there was no quorum, and the notes are for information only.
5. Public Comment  
There were no public comments.
6. Communications Received by Committee Members  
Mr. Chegini reported that Shay Franco-Clausen resigned via email on September 9<sup>th</sup>.

Mr. Chegini noted an inquiry was received via the Bond website from a member of the public, asking 1) what a bona-fide taxpayers association is and 2) how long will Measure X be on their tax bill. The

financial advisors and bond counsel were consulted and said that a bona-fide taxpayers association is one that is formally organized and formed and examples were given. Measure X goes out 25 years to 2045, though the exact end date can vary due to changing assessed value and interest rates.

Mr. Demar noted he and Ms. Demar attended the SJCC M&O groundbreaking.

7. Staff Reports

Chancellor Breland thanked the CBOC members and Ms. Kennedy for their continued service. He noted that Measures I and J will be on the November ballot.

Mr. Escobar noted what a great job the team was doing to keep projects moving during the pandemic.

Mr. Mahood asked if it was the right time to rebid projects and accelerate getting projects moving while students are not on campus. Mr. DeGray responded that the design-build process eliminates the need for rebid and they are trying to accelerate but due to bid thresholds, DSA can slow that process down.

8. Election of Chair and Vice Chair

Ms. Reiners nominated Mr. Demar for Chair, Ms. Demar seconded. The Committee unanimously approved. Ms. Reiners nominated Mr. Cortez for Vice Chair, Ms. Demar seconded. The Committee unanimously approved.

9. Annual Report Preparations for 2019/2020

Mr. Chegini asked for volunteers to be part of the working group to develop the annual report. Mr. Demar and Mr. Cortez volunteered.

10. Program and Project Updates

Mr. DeGray gave an update on project statuses and schedules. Please see slide presentation for details.

Mr. Mahood asked if local construction companies are being considered. Mr. DeGray responded that the District follows the best value selection process and the competition is very tight. The outreach program helps to facilitate local subcontractor participation.

11. Program Financial Reports

a. Ms. Kennedy provided a brief overview of the financial reports. She noted Measure G was winding down and, moving forward, the Committee would likely only be seeing the whole program report for that bond. She also noted the Measure X program spending will be moving into a steep upward curve.

Ms. Reiners asked if the team is able to track Covid effects on project costs or schedules. Ms. Kennedy said after the first couple of weeks, they did not feel too much of a slowdown. Mr. DeGray said time delays are less due to safety protocols than materials delays from suppliers. Mr. Mahood motioned to accept the reports as presented, Mr. Cortez seconded. The Committee unanimously approved.

b. Ms. Kennedy provided a brief overview of the Bond List Revisions. Please see the packet for more details.

c. Ms. Kennedy provided a brief overview of the Bond Sale, with \$225M Series B tax exempt bonds and \$200M Series B-1 taxable bonds sold. It was a very successful sale and benefited the taxpayers. For more detail, please see the packet.

12. Review of Committee Membership

Ms. Kennedy noted there are two vacancies, a student as well as a taxpayers association member, and that the application can be found on the CBOC website. She also pointed out that several terms were ending in February of 2021 and Mr. Chegini would be reaching out via email about reappointment.

13. Proposed Future Meeting Dates

The Committee reviewed the next 2 dates. Chancellor Breland noted that the January meeting would be virtual. Ms. Kennedy informed the Committee that the March meeting would most likely be virtual as well and that there would be a virtual tour.

14. Future Agenda Items

No future agenda items were added due to the annual report and audit being presented at the January meeting. Mr. Cortez asked when the last time there was an update on the educational programs. Mr. Chegini stated it was last reviewed at the February 2020 meeting. Ms. Kennedy responded that the March 2021 meeting would be ideal for an update on educational programs.

14. Adjournment

The meeting was adjourned at 7:30 PM by Mr. Demar.

## **INDEPENDENT AUDITORS' REPORT**

To the Board of Trustees  
San José/Evergreen Community College District  
San Jose, California

### **Report on the Financial Statements**

We have audited the accompanying financial statements of San José/Evergreen Community College District (the "District") 2010 Measure G General Obligation Bonds activity included in the 2010 General Obligation Bond Funds (the "2010 Bond Funds") of the District as of and for the year ended June 30, 2020, and the related notes to the financial statements, as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the 2010 Bond Funds of San José/Evergreen Community College District, as of June 30, 2020, and the changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Emphasis of Matter**

As discussed in Note 1, the financial statements present only the District's 2010 Bond Funds and do not purport to, and do not, present fairly the financial position of the District as of June 30, 2020, and the changes in financial position for the year then ended, in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

### **Other Matters**

#### **Supplementary Information**

Our audit was conducted for the purpose of forming an opinion on the financial statements of the San José/Evergreen Community College District's 2010 Measure G General Obligation Bond Funds. The Purpose of Bond Issuance on pages 11 and 12 of this report and the Citizen's Bond Oversight Committee Members are presented for purposes of additional analysis and are not a required part of the financial statements. The information has not been subjected to the auditing procedures applied in the audit of the financial statements and accordingly, we do not express an opinion or provide any assurance on it.

### **Other Reporting Required by Government Auditing Standards**

In accordance with Government Auditing Standards, we have also issued our report dated October 28, 2020 on our consideration of the District's internal control over financial reporting and on our test of its compliance with certain provisions of laws, regulations, contracts and other matters for the 2010 Bond Funds. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance for the Bond Funds. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering San José/Evergreen Community College District's internal control over financial reporting and compliance for the Bond Funds.

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

San José/Evergreen Community College District (the "District") accounts for its 2010 General Obligation Bond Funds' ("Bond Funds") financial transactions in accordance with policies and procedures of the State Chancellor's Office's California Community Colleges Budget and Accounting Manual. The accounting policies of the 2010 Bond Funds conform to accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB). The following is a summary of the significant accounting policies:

Financial Reporting Entity: The financial statements include only the Bond Funds' 2010 General Obligation Bond Resources of the District. The funds were established to account for the expenditures of general obligation bonds issued under the General Obligation Bonds (Election of 2010, Series A, B, C and D). The authorized issuance amount of the bonds is \$268,000,000. These financial statements are not intended to present fairly the financial position and results of operations of the District in compliance with accounting principles generally accepted in the United States of America.

Basis of Accounting: Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of measurement made, regardless of the measurement focus applied.

The financial statements represent the 2010 General Obligation Bond Funds of the District and are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or within 60 days after year end. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred.

Cash and Cash Equivalents: For the purpose of the financial statements, cash equivalents are defined as financial instruments with an original maturity of three months or less. Funds invested in the Santa Clara County Treasury are considered cash equivalents.

Due from District: At June 30, 2020, an interfund receivable totaling \$173,021 was due from the District's general fund to the Bond Funds.

Restricted Fund Balance: Restricted fund balance includes resources which are legally or contractually restricted by external third parties. Fund balance is restricted for capital projects of the 2010 Bond Funds in accordance with the Bond Project List for 2010 Measure G General Obligation Bonds.

Accounting Estimates: The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

**2010 MEASURE G GENERAL OBLIGATION BONDS**  
**Notes to Financial Statements**  
**June 30, 2020**

---

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued**

Encumbrances: Encumbrance accounting is used in all budgeted funds to reserve portions of applicable appropriations for which commitments have been made. Encumbrances are recorded for purchase orders, contracts, and other commitments when they are written. Encumbrances are liquidated when the commitments are paid.

**NOTE 2 – CASH AND CASH EQUIVALENTS**

Cash and cash equivalents at June 30, 2020 consisted of \$21,718,781 held in the County Treasury investment pool.

Credit Risk: In accordance with Education Code Section 41001, the Bond Funds maintain all of their cash in the Santa Clara County Treasury. The County Treasurer of Santa Clara County acts as the 2010 Measure G General Obligation Bonds Fiscal Agent. The County pools these funds with those of other districts in the County and invests the cash. These pooled funds are carried at fair value. Interest earned is deposited quarterly into participating funds. Any investment losses are proportionately shared by all funds in the pool.

Because the Bond Funds' deposits are maintained in a recognized pooled investment fund under the care of a third party and the Bond Funds' share of the pooled investment fund does not consist of specific, identifiable investment securities owned by the District, no disclosure of the individual deposits and investments or related custodial credit risk classifications is required.

In accordance with applicable State laws, the Santa Clara County Treasurer may invest in derivative securities. However, at June 30, 2020, the Santa Clara County Treasurer has represented that the Treasurer's pooled investment fund contained no derivatives or other investments with similar risk profiles.

Investments Authorized by Debt Agreements: Investment of debt proceeds held by bond trustees are governed by provisions of the debt agreements, rather than the general provisions of the California Government Code or the District's investment policy. The table below identifies the investment types that are authorized for investments held by bond trustees. The table also identifies certain provisions of these debt agreements that address interest rate risk, credit risk, and concentration of credit risk.

Authorized Investment Type	Maximum Maturity	Maximum Percentage Allowed	Maximum Investment in One Issuer

---

**NOTE 2 – CASH AND CASH EQUIVALENTS**

Disclosures Relating to Interest Rate Risk: Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates.

Information about the sensitivity of the fair values of the District's investments to market interest rate fluctuations is provided by the following table that shows the maturity date of each investment:

Investment Type	Weighted Average Maturity (in Days)
Santa Clara County Investment Pool	517

Concentration of Credit Risk: The District's investment policy places limits on the amount it may invest in any one issuer. At June 30, 2020, the District had no concentration of credit risk.

**NOTE 3 – INTERFUND TRANSACTIONS**

As of June 30, 2020, the 2010 Measure G General Obligation bond fund had an interfund receivable of \$173,021 due from the General Fund. Interfund receivables and payables are paid and cleared in the subsequent period.

**NOTE 4 – PURPOSE OF BOND ISSUANCE**

Bond Authorization: By approval of the proposition for 2010 Measure G by at least 55% of the registered voters voting on the proposition at the election held on November 2, 2010, San José Evergreen Community College District was authorized to issue and sell bonds of up to \$268,000,000 in aggregate principal amount.

Purpose of Bonds: The proceeds of the Bonds may be used:

"To better prepare San Jose City College/ Evergreen Valley College students for good paying jobs and transfer to four-year colleges, shall San Jose Evergreen Community College District upgrade, acquire, construct energy-efficient, technology-driven teaching classrooms, labs, sites, facilities/ equipment for health/ science, general education/ job-training, upgrade outdated electrical, plumbing, heating/ ventilation systems, by issuing \$268 million in bonds at legal rates, qualifying for matching funds, with citizen oversight, no money for administrator salaries, all funds staying local?"

As required by the California Constitution, the proceeds from the sale of bonds will be used only for the construction, reconstruction, rehabilitation or replacement of school facilities including the furnishing and equipping of school facilities and not for any other purpose, including teacher and administrative salaries and other school operating expenses.

**NOTE 5 – GENERAL OBLIGATION BOND ISSUANCES**

The Bonds represent an obligation of the District payable solely from ad valorem property taxes levied and collected by the County of Santa Clara on properties within the District. The Board of Supervisors of Santa Clara County has power and is obligated to annually levy ad valorem taxes for the payment of interest on, and principal of, the Bonds upon all property subject to taxation by the District without limitation of rate or amount, except as to certain personal property which is taxable at limited rates.

In February 2012, the District issued the 2010 General Obligation Bonds, Series A in the amount of \$70,000,000. The bonds mature beginning on August 1, 2012 through August 1, 2041, with interest yields ranging from two to four percent.

In February 2012, the District issued 2010 General Obligation Bonds, Series B in the amount of \$20,000,000. The bonds mature beginning on August 1, 2012 through August 1, 2032, with interest yields ranging from two to four percent. The 2010 Series A and 2010 Series B General Obligation Bonds were fully refunded during 2019-20.

In April 2014, the District issued 2010 General Obligation Bonds, Series C in the amount of \$120,000,000. The bonds mature beginning on September 1, 2015 through September 1, 2043, with interest yields ranging from two to five percent.

In May 2016, the District issued 2010 General Obligation Bonds, Series D in the amount of \$58,000,000. The bonds mature beginning on September 1, 2017 through September 1, 2037, with interest yields ranging from one to three percent.

In October 2019, the District issued \$68,945,000 of 2019 General Obligation Refunding Bonds. The proceeds from the sale of the bonds were used to advance refund a portion of the outstanding 2010 Series A and the remainder of the 2010 Series B bonds, as well as to pay the costs of issuing the bonds. The 2019 Refunding Bonds mature through August 1, 2041, with interest rates ranging from 1.814% to 3.137%.

**LEGISLATIVE HISTORY**

On November 7, 2000, California voters approved Proposition 39, the Smaller Classes, Safer Schools, and Financial Accountability Act. Proposition 39 amended portions of the California Constitution to provide for the issuance of general obligation bonds by school districts, community college districts, or county offices of education, "for the construction, reconstruction, rehabilitation or replacement of school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of real property for school facilities", upon approval by 55% of the electorate.

Education Code Section 15278 provides additional accountability measures:

1. A requirement that the school district establish and appoint members to an independent citizens' oversight committee.
2. A requirement that the school district expend bond funds only for the purposes described in Section 1(b)(3) of Article XIII A of the California Constitution, and ensuring that no funds are used for any teacher or administrative salaries or other school operating expenses.
3. A requirement to conduct an annual independent performance audit required by Section 1(b)(3)C of Article XIII A of the California Constitution.
4. A requirement to conduct an annual independent financial audit required by Section 1(b)(3)D of Article XIII A of the California Constitution.

**SAN JOSÉ/EVERGREEN COMMUNITY COLLEGE DISTRICT GENERAL OBLIGATION BONDS, 2010 MEASURE G**

The San José/Evergreen Community College District, Santa Clara County, California Election of 2010 General Obligation Bonds, 2010 Measure G were authorized at an election of the registered voters of the San José/Evergreen Community College District held on November 2, 2010 at which more than fifty-five percent of the persons voting on the proposition voted to authorize the issuance and sale of \$268,000,000 principal amount of general obligation bonds of the District. The Bonds are being issued to finance the acquisition, construction and modernization of certain District property and facilities. The Bonds are general obligations of the District, payable solely from ad valorem property taxes. A summary of the text of the ballot language was as follows:

"To better prepare San Jose City College/ Evergreen Valley College students for good paying jobs and transfer to four-year colleges, shall San Jose Evergreen Community College District upgrade, acquire, construct energy-efficient, technology-driven teaching classrooms, labs, sites, facilities/ equipment for health/ science, general education/ job-training, upgrade outdated electrical, plumbing, heating/ ventilation systems, by issuing \$268 million in bonds at legal rates, qualifying for matching funds, with citizen oversight, no money for administrator salaries, all funds staying local?"

The District's Board of Trustees developed the following Bond Project List for the 2010 Measure G Bonds:

- Upgrade labs for science and medical training programs.
- Provide classrooms for math, science, writing, and other core academic classes.
- Update classrooms and facilities for improved job training and career technical education.
- Update classrooms and educational facilities to meet current fire and safety codes and provide access for students with disabilities.
- Upgrade facilities to improve energy efficiency and reduce operating expenses, allowing more funding for classroom instruction and student services.
- Establish a technology endowment to maintain up-to-date computer learning necessary for a 21<sup>st</sup> Century education.

**FURTHER SPECIFICATIONS**

No Administrator Salaries: Proceeds from the sale of bonds authorized by this measure shall be used only for the construction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities or the acquisition or lease of real property for school facilities and not for any other purpose, including teacher and administrator salaries and other school operating expenses.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND  
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS  
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Trustees  
San José/Evergreen Community College District  
San Jose, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of San José/Evergreen Community College District (the "District") 2010 General Obligation Bond Funds (the "2010 Bond Funds") as of and for the year ended June 30, 2020, and the related notes to the financial statements, and have issued our report thereon dated October 28, 2020.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over 2010 Bond Fund financial reporting. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting for the 2010 Bond Funds.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the San José/Evergreen Community College District's 2010 Bond Funds' financial statements are free of material misstatement, we performed tests of the Bond Funds' compliance with certain provisions of laws, regulations, and contracts, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance for the Bond Funds. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance for the Bond Fund. Accordingly, this communication is not suitable for any other purpose.

## INDEPENDENT AUDITORS' REPORT

To the Board of Trustees  
San José/Evergreen Community College District  
San Jose, California

We have conducted a performance audit of the San José/Evergreen Community College District (the "District") 2010 Measure G General Obligation Bond funds for the year ended June 30, 2020.

We conducted our performance audit in accordance with Government Auditing Standards issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our conclusion based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our conclusions based on our audit objectives.

Our audit was limited to the objectives listed on page 4 of this report which includes determining the compliance with the performance requirements for the Proposition 39 2010 Measure G General Obligation Bonds under the applicable provisions of Section 1(b)(3)(C) of Article XIII A of the California Constitution and Proposition 39 as they apply to the bonds and the net proceeds thereof. Management is responsible for San José/Evergreen Community College District's compliance with those requirements.

Solely to assist us in planning and performing our performance audit, we obtained an understanding of the internal controls of San José/Evergreen Community College District to determine if internal controls were adequate to help ensure the District's compliance with the requirements of Proposition 39, as specified by Section 1(b)(3)(C) of Article XIII A of the California Constitution. Accordingly, we do not express any assurance on the internal controls.

The results of our tests indicated that, in all significant respects, San José/Evergreen Community College District expended 2010 Measure G General Obligation Bond funds for the year ended June 30, 2020 only for specific projects developed by the District's Board of Trustees and approved by the voters, in accordance with the requirements of Proposition 39, as specified by Section 1(b)(3)(C) of Article XIII A of the California Constitution.

- Upgrade facilities to improve energy efficiency and reduce operating expenses, allowing more funding for classroom instruction and student services.
- Establish a technology endowment to maintain up-to-date computer learning necessary for a 21st Century education.

In November 2010, the constituents of the District approved 2010 Measure G authorizing the District to issue \$268,000,000 in general obligation bonds. The District has issued all \$268,000,000 of 2010 Measure G bonds.

In February 2012, the District issued the 2010 General Obligation Bonds, Series A in the amount of \$70,000,000. The bonds mature beginning on August 1, 2012 through August 1, 2041, with interest yields ranging from two to four percent.

In February 2012, the District issued 2010 General Obligation Bonds, Series B in the amount of \$20,000,000. The bonds mature beginning on August 1, 2012 through August 1, 2032, with interest yields ranging from two to four percent. The 2010 Series B General Obligation Bonds were fully refunded during 2019-20.

In April 2014, the District issued 2010 General Obligation Bonds, Series C in the amount of \$120,000,000. The bonds mature beginning on September 1, 2015 through September 1, 2034, with interest yields ranging from two to five percent.

In May 2016, the District issued 2010 General Obligation Bonds, Series D in the amount of \$58,000,000. The bonds mature beginning on September 1, 2017 through September 1, 2037, with interest yields ranging from one to three percent.

In October 2019, the District issued \$68,945,000 of 2019 General Obligation Refunding Bonds. The proceeds from the sale of the bonds were used to advance refund a portion of the outstanding 2010 Series A and the remainder of the 2010 Series B bonds, as well as to pay the costs of issuing the bonds. The 2019 Refunding Bonds mature through August 1, 2041, with interest rates ranging from 1.814% to 3.137%.

**OUTREACH PROGRAM**

Consistent with Board Policy 6380, the San José-Evergreen Community College District takes steps to encourage qualified businesses (small, local, or owned by women, minorities, veterans, religious minorities, disabled individuals, members of the LGBTQIA community, or other underrepresented groups) to participate in Measure G 2010 and Measure X Bond Programs' construction projects at the prime contractor and subcontractor level, in purchasing projects, and as suppliers.

The District's Outreach Program has a combined goal of 25% participation from small and local businesses, and achieve anticipated results for businesses with one or more of the following characteristics: owned by women (4%), minorities (8%), veterans (1%), religious minorities, disabled individuals, members of the LGBTQIA community, or other underrepresented groups for these projects. The District will always strive to meet or exceed the combined goal of 25% participation for small and local businesses. There will be no reduction in outreach effort once the 25% combined goal is achieved.

In addition, the District's Outreach Program will achieve an anticipated result of 8% for minority-owned business enterprises (MBEs), 4% for women-owned business enterprises (WBEs), and 1% for veteran business enterprises (VBE). There will be no reduction in outreach effort once these anticipated results are achieved. The Program also seeks to eliminate barriers that impede equal opportunity of certified and noncertified minority-owned business enterprises (MBEs) and women-owned business enterprises (WBEs).

The Program states that an anticipated result—but not a required goal—of its outreach and inclusion efforts to all businesses with one or more of the following characteristics: owned by women, minorities, veterans, religious minorities, disabled individuals, members of the LGBTQIA community, or other underrepresented groups, will be the increased participation of these business enterprises. The Program will gather data including the participation of WBEs and MBEs and reexamine its outreach practices if increased participation is not being achieved.

---

**SAN JOSÉ/EVERGREEN COMMUNITY COLLEGE DISTRICT**  
**2010 Measure G GENERAL OBLIGATION BONDS**  
**Objectives, Scope, Methodology and Conclusions**  
**June 30, 2020**

## **OBJECTIVES**

The objective of our performance audit was to determine that the District expended 2010 Measure G General Obligation Bond funds for the year ended June 30, 2020 only for the purposes approved by the voters and only on the specific projects developed by the District's Board of Trustees, in accordance with the requirements of Proposition 39, as specified by Section 1(b)(3)C of Article XIII A of the California Constitution.

## **SCOPE**

The District provided to us a list of all 2010 Measure G General Obligation Bond project expenditures for the year ended June 30, 2020 (the "List"). The list of transactions represented \$8,039,730 in expenditures from July 1, 2019 through June 30, 2020.

## **METHODOLOGY**

We performed the following procedures to the List of 2010 Measure G General Obligation Bond project expenditures for the year ended June 30, 2020:

- Interviewed District management related to controls over planning, bidding, contracting, expenditure of bond funds and financial reporting and determined that controls have been put in place and are working as documented.
- Documented District procedures and controls over planning, bidding, contracting, expenditure of bond funds and financial reporting.
- Performed tests to determine that the District controls over planning, bidding, contracting, expenditure of bond funds and financial reporting have been put in place and are working as documented.
- Verified the mathematical accuracy of the List.
- Reconciled the List to total bond expenditures as reported by the District in the District's audited financial statements for the year ended June 30, 2020, presented as the 2010 General Obligation Bond funds.
- We performed tests and determined that the District has taken actions consistent with the goals of the Outreach Program (Board Policy 6380) to encourage qualified businesses (small, local, or owned by women, minorities, veterans, religious minorities, disabled individuals, members of the LGBTQIA community, or other underrepresented groups) to participate in the Measure G 2010 Bond Program's construction projects at the prime contractor and subcontractor level, in purchasing projects, and as suppliers. Such actions include:
  - Provide Community Outreach and Education
  - Measure Outreach Performance
  - Promote Institutional Awareness, Understanding and Coordination
  - Engage Design-Bid-Build Projects
  - Engage Design-Build Projects
  - Engage Pre-Qualified Contractors and Sub-Contractors

**METHODOLOGY, continued**

- We selected a sample of expenditures totaling \$4,376,672. The sample was selected to provide a representation across specific construction projects, vendors and expenditure amounts. The sample represented 57% of the total expenditure value. We verified that the expenditures were for the approved projects and were expended for the upgrading, acquiring, constructing and equipping of school facilities, including building art, science and math classrooms and labs, or expanding healthcare job training facilities, and verified that procurement of contracts and related expenditures met the goals of the Outreach Program.

**CONCLUSION**

The results of our tests indicated that, in all significant respects, San José/Evergreen Community College District expended 2010 Measure G General Obligation Bond funds for the year ended June 30, 2020 only for the specific projects developed by the District's Governing Board and approved by the voters, in accordance with the requirements of Proposition 39, as specified by Section 1(b)(3)(C) of Article XIII A of the California Constitution.

We have audited the accompanying financial statements of San José/Evergreen Community College District (the "District") Measure X General Obligation Bonds activity included in the Measure X General Obligation Bond Funds (the "Measure X Bond Funds") of the District as of and for the year ended June 30, 2020, and the related notes to the financial statements, as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Measure X Bond Funds of San José/Evergreen Community College District, as of June 30, 2020, and the changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Emphasis of Matter**

As discussed in Note 1, the financial statements present only the District's Measure X Bond Funds and do not purport to, and do not, present fairly the financial position of the District as of June 30, 2020, and the changes in financial position for the year then ended, in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

### **Other Matters**

#### **Supplementary Information**

Our audit was conducted for the purpose of forming an opinion on the financial statements of the San José/Evergreen Community College District's Measure X General Obligation Bond Funds. The Purpose of Bond Issuance on pages 11 and 12 of this report and the Citizen's Bond Oversight Committee Members are presented for purposes of additional analysis and are not a required part of the financial statements. The information has not been subjected to the auditing procedures applied in the audit of the financial statements and accordingly, we do not express an opinion or provide any assurance on it.

### **Other Reporting Required by Government Auditing Standards**

In accordance with Government Auditing Standards, we have also issued our report dated October 28, 2020 on our consideration of the District's internal control over financial reporting and on our test of its compliance with certain provisions of laws, regulations, contracts and other matters for the Measure X Bond Funds. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance for the Bond Funds. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering San José/Evergreen Community College District's internal control over financial reporting and compliance for the Bond Funds.

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

San José/Evergreen Community College District (the "District") accounts for its Measure X General Obligation Bond Funds' ("Bond Funds") financial transactions in accordance with policies and procedures of the State Chancellor's Office's California Community Colleges Budget and Accounting Manual. The accounting policies of the Measure X Bond Funds conform to accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB). The following is a summary of the significant accounting policies:

Financial Reporting Entity: The financial statements include only the Bond Funds' Measure X General Obligation Bond Resources of the District. The funds were established to account for the expenditures of general obligation bonds issued under the General Obligation Bonds. The authorized issuance amount of the bonds is \$748,000,000. These financial statements are not intended to present fairly the financial position and results of operations of the District in compliance with accounting principles generally accepted in the United States of America.

Basis of Accounting: Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of measurement made, regardless of the measurement focus applied.

The financial statements represent the Measure X General Obligation Bond Funds of the District and are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or within 60 days after year end. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred.

Cash and Cash Equivalents: For the purpose of the financial statements, cash equivalents are defined as financial instruments with an original maturity of three months or less. Funds invested in the Santa Clara County Treasury are considered cash equivalents.

Restricted Fund Balance: Restricted fund balance includes resources which are legally or contractually restricted by external third parties. Fund balance is restricted for capital projects of the Measure X Bond Funds in accordance with the Bond Project List for Measure X General Obligation Bonds.

Accounting Estimates: The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued**

Encumbrances: Encumbrance accounting is used in all budgeted funds to reserve portions of applicable appropriations for which commitments have been made. Encumbrances are recorded for purchase orders, contracts, and other commitments when they are written. Encumbrances are liquidated when the commitments are paid.

**NOTE 2 – CASH AND CASH EQUIVALENTS**

Cash and cash equivalents at June 30, 2020 consisted of \$0 held in the County Treasury investment pool.

Credit Risk: In accordance with Education Code Section 41001, the Bond Funds maintain all of their cash in the Santa Clara County Treasury. The County Treasurer of Santa Clara County acts as the Measure X General Obligation Bonds Fiscal Agent. The County pools these funds with those of other districts in the County and invests the cash. These pooled funds are carried at fair value. Interest earned is deposited quarterly into participating funds. Any investment losses are proportionately shared by all funds in the pool.

Because the Bond Funds' deposits are maintained in a recognized pooled investment fund under the care of a third party and the Bond Funds' share of the pooled investment fund does not consist of specific, identifiable investment securities owned by the District, no disclosure of the individual deposits and investments or related custodial credit risk classifications is required.

In accordance with applicable State laws, the Santa Clara County Treasurer may invest in derivative securities. However, at June 30, 2020, the Santa Clara County Treasurer has represented that the Treasurer's pooled investment fund contained no derivatives or other investments with similar risk profiles.

Investments Authorized by Debt Agreements: Investment of debt proceeds held by bond trustees are governed by provisions of the debt agreements, rather than the general provisions of the California Government Code or the District's investment policy. The table below identifies the investment types that are authorized for investments held by bond trustees. The table also identifies certain provisions of these debt agreements that address interest rate risk, credit risk, and concentration of credit risk.

Authorized Investment Type	Maximum Maturity	Maximum Percentage Allowed	Maximum Investment in One Issuer
County Pooled Investment Fund	None	None	None

**NOTE 2 – CASH AND CASH EQUIVALENTS, continued**

Disclosures Relating to Interest Rate Risk: Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates.

Information about the sensitivity of the fair values of the District's investments to market interest rate fluctuations is provided by the following table that shows the maturity date of each investment:

Investment Type	Weighted Average Maturity (in Days)
Santa Clara County Investment Pool	517

Concentration of Credit Risk: The District's investment policy places limits on the amount it may invest in any one issuer. At June 30, 2020, the District had no concentration of credit risk.

**NOTE 3 – INTERFUND TRANSACTIONS**

As of June 30, 2020, the Measure X General Obligation bond fund had an interfund receivable of \$479,740,907 due from the General Fund. Interfund receivables and payables are paid and cleared in the subsequent period.

**NOTE 4 – PURPOSE OF BOND ISSUANCE**

Bond Authorization: By approval of the proposition for Measure X by at least 55% of the registered voters voting on the proposition at the election held on November 10, 2016, San José Evergreen Community College District was authorized to issue and sell bonds of up to \$748,000,000 in aggregate principal amount.

Purpose of Bonds: The proceeds of the Bonds may be used:

“To repair/upgrade classrooms to prepare students/veterans for jobs/university transfer by repairing/building nursing, engineering, vocational, technology, science/ job training classrooms, improving campus, earthquake safety/disabled access, remove asbestos/lead paint, acquiring, constructing, repairing sites, facilities/equipment, shall San José- Evergreen Community College District issue \$748,000,000 in bonds at legal rates, no money for administrators’ salaries/pensions, requiring citizen oversight, independent audits, all funds used locally?”

As required by the California Constitution, the proceeds from the sale of bonds will be used only for the construction, reconstruction, rehabilitation or replacement of school facilities including the furnishing and equipping of school facilities and not for any other purpose, including teacher and administrative salaries and other school operating expenses

**NOTE 5 – GENERAL OBLIGATION BOND ISSUANCES**

The Bonds represent an obligation of the District payable solely from ad valorem property taxes levied and collected by the County of Santa Clara on properties within the District. The Board of Supervisors of Santa Clara County has power and is obligated to annually levy ad valorem taxes for the payment of interest on, and principal of, the Bonds upon all property subject to taxation by the District without limitation of rate or amount, except as to certain personal property which is taxable at limited rates.

In June 2018, the District issued the 2016 General Obligation Bonds, Series A in the amount of \$39,000,000. The bonds mature beginning on September 1, 2018 through September 1, 2038, with interest yields ranging from 1.52 to 3.30 percent.

In June 2018, the District issued 2016 General Obligation Bonds, Series A1 in the amount of \$46,000,000. The bonds mature beginning on September 1, 2018 through September 1, 2033, with interest yields ranging from 2.11 to 4.18 percent.

In June 2020, the District issued \$225,000,000 and \$200,000,000 of 2016 General Obligation Bonds as Series B and Series B-1. The proceeds from the sale of the bonds were used to finance the acquisition, construction, modernization, and equipping of District sites and facilities, as well as to pay the costs of issuing the bonds. The 2016 Series B and Series B-1 Bonds mature through September 1, 2045, with interest rates ranging from 2.5% to 4.0%.

**LEGISLATIVE HISTORY**

On November 7, 2000, California voters approved Proposition 39, the Smaller Classes, Safer Schools, and Financial Accountability Act. Proposition 39 amended portions of the California Constitution to provide for the issuance of general obligation bonds by school districts, community college districts, or county offices of education, "for the construction, reconstruction, rehabilitation or replacement of school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of real property for school facilities", upon approval by 55% of the electorate.

Education Code Section 15278 provides additional accountability measures:

1. A requirement that the school district establish and appoint members to an independent citizens' oversight committee.
2. A requirement that the school district expend bond funds only for the purposes described in Section 1(b)(3) of Article XIII A of the California Constitution, and ensuring that no funds are used for any teacher or administrative salaries or other school operating expenses.
3. A requirement to conduct an annual independent performance audit required by Section 1(b)(3)C of Article XIII A of the California Constitution.
4. A requirement to conduct an annual independent financial audit required by Section 1(b)(3)D of Article XIII A of the California Constitution.

**SAN JOSÉ/EVERGREEN COMMUNITY COLLEGE DISTRICT GENERAL OBLIGATION BONDS, MEASURE X**

The San José/Evergreen Community College District, Santa Clara County, California Election of Measure X General Obligation Bonds, Measure X were authorized at an election of the registered voters of the San José/Evergreen Community College District held on November 10, 2016 at which more than fifty-five percent of the persons voting on the proposition voted to authorize the issuance and sale of \$748,000,000 principal amount of general obligation bonds of the District. The Bonds are being issued to finance the acquisition, construction and modernization of certain District property and facilities. The Bonds are general obligations of the District, payable solely from ad valorem property taxes. A summary of the text of the ballot language was as follows:

"To repair/upgrade classrooms to prepare students/veterans for jobs/university transfer by repairing/building nursing, engineering, vocational, technology, science/job training classrooms, improving campus, earthquake safety/disabled access, remove asbestos/lead paint, acquiring, constructing, repairing sites, facilities/equipment, shall San José- Evergreen Community College District issue \$748,000,000 in bonds at legal rates, no money for administrators' salaries/pensions, requiring citizen oversight, independent audits, all funds used locally?"

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND  
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS  
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Trustees  
San José/Evergreen Community College District  
San Jose, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of San José/Evergreen Community College District (the "District") General Obligation Bond Funds (the "Measure X Bond Funds") as of and for the year ended June 30, 2020, and the related notes to the financial statements, and have issued our report thereon dated October 28, 2020.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over Measure X Bond Fund financial reporting. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting for the Measure X Bond Funds.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the San José/Evergreen Community College District's Measure X Bond Funds' financial statements are free of material misstatement, we performed tests of the Bond Funds' compliance with certain provisions of laws, regulations, and contracts, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance for the Bond Funds. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance for the Bond Fund. Accordingly, this communication is not suitable for any other purpose.

## INDEPENDENT AUDITORS' REPORT

To the Board of Trustees  
 San José/Evergreen Community College District  
 San Jose, California

We have conducted a performance audit of the San José/Evergreen Community College District (the "District") Measure X General Obligation Bond funds for the year ended June 30, 2020.

We conducted our performance audit in accordance with Government Auditing Standards issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our conclusion based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our conclusions based on our audit objectives.

Our audit was limited to the objectives listed on page 4 of this report which includes determining the compliance with the performance requirements for the Proposition 39 Measure X General Obligation Bonds under the applicable provisions of Section 1(b)(3)(C) of Article XIII A of the California Constitution and Proposition 39 as they apply to the bonds and the net proceeds thereof. Management is responsible for San José/Evergreen Community College District's compliance with those requirements.

Solely to assist us in planning and performing our performance audit, we obtained an understanding of the internal controls of San José/Evergreen Community College District to determine if internal controls were adequate to help ensure the District's compliance with the requirements of Proposition 39, as specified by Section 1(b)(3)(C) of Article XIII A of the California Constitution. Accordingly, we do not express any assurance on the internal controls.

The results of our tests indicated that, in all significant respects, San José/Evergreen Community College District expended Measure X General Obligation Bond funds for the year ended June 30, 2020 only for specific projects developed by the District's Board of Trustees and approved by the voters, in accordance with the requirements of Proposition 39, as specified by Section 1(b)(3)(C) of Article XIII A of the California Constitution.

**LEGISLATIVE HISTORY**

On November 7, 2000, California voters approved Proposition 39, the Smaller Classes, Safer Schools and Financial Accountability Act. Proposition 39 amended portions of the California Constitution to provide for the issuance of general obligation bonds by school districts, community college districts or county offices of education "for the construction, reconstruction, rehabilitation or replacement of school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of real property for school facilities", upon approval by 55% of the electorate.

Education Code Section 15278 provides additional accountability measures:

1. A requirement that the school district establish and appoint members to an independent citizens' oversight committee.
2. A requirement that the school district expend bond funds only for the purposes described in Section 1(b)(3) of Article XIII A of the California Constitution, and ensuring that no funds are used for any teacher or administrative salaries or other school operating expenses.
3. A requirement to conduct an annual independent performance audit required by Section 1(b)(3)C of Article XIII A of the California Constitution.
4. A requirement to conduct an annual independent financial audit required by Section 1(b)(3)D of Article XIII A of the California Constitution.

**SAN JOSÉ/EVERGREEN COMMUNITY COLLEGE DISTRICT Measure X GENERAL OBLIGATION BONDS**

The San José/Evergreen Community College District, Santa Clara County, California Election of General Obligation Bonds, Measure X were authorized at an election of the registered voters of the San José/Evergreen Community College District held on November 10, 2016 at which more than fifty-five percent of the persons voting on the proposition voted to authorize the issuance and sale of \$748,000,000 principal amount of general obligation bonds of the District. The Bonds are being issued to finance the acquisition, construction and modernization of certain District property and facilities. The Bonds are general obligations of the District, payable solely from *ad valorem* property taxes. A summary of the text of the ballot language was as follows:

"To repair/upgrade classrooms to prepare students/veterans for jobs/university transfer by repairing/building nursing, engineering, vocational, technology, science/job training classrooms, improving campus, earthquake safety/disabled access, remove asbestos/lead paint, acquiring, constructing, repairing sites, facilities/equipment, shall San José- Evergreen Community College District issue \$748,000,000 in bonds at legal rates, no money for administrators' salaries/pensions, requiring citizen oversight, independent audits, all funds used locally?"

**SAN JOSÉ/EVERGREEN COMMUNITY COLLEGE DISTRICT MEASURE X GENERAL OBLIGATION BONDS, continued**

The District's Board of Trustees developed the following objectives for the Measure X Bonds:

- Repair and upgrade San Jose City College and Evergreen Valley College campuses and classrooms, including:
  - Updating labs for nursing, science, technology and engineering
  - Expanding educational resources for veterans
  - Improving campus safety and security
  - Removing asbestos and lead paint, among other priorities

In November 2016, the constituents of the District approved Measure X authorizing the District to issue \$748,000,000 in general obligation bonds.

In June 2018, the District issued the 2016 General Obligation Bonds, Series A in the amount of \$39,000,000. The bonds mature beginning on September 1, 2018 through September 1, 2038, with interest yields ranging from 1.52 to 3.30 percent.

In June 2018, the District issued 2016 General Obligation Bonds, Series A1 in the amount of \$46,000,000. The bonds mature beginning on September 1, 2018 through September 1, 2033, with interest yields ranging from 2.11 to 4.18 percent.

In June 2020, the District issued \$225,000,000 and \$200,000,000 of 2016 General Obligation Bonds as Series B and Series B-1. The proceeds from the sale of the bonds were used to finance the acquisition, construction, modernization, and equipping of District sites and facilities, as well as to pay the costs of issuing the bonds. The 2016 Series B and Series B-1 Bonds mature through September 1, 2045, with interest rates ranging from 2.5% to 4.0%.

**OUTREACH PROGRAM**

Consistent with Board Policy 6380, the San José-Evergreen Community College District takes steps to encourage qualified businesses (small, local, or owned by women, minorities, veterans, religious minorities, disabled individuals, members of the LGBTQIA community, or other underrepresented groups) to participate in Measure G 2010 and Measure X Bond Programs' construction projects at the prime contractor and subcontractor level, in purchasing projects, and as suppliers.

The District's Outreach Program has a combined goal of 25% participation from small and local businesses, and achieve anticipated results for businesses with one or more of the following characteristics: owned by women (4%), minorities (8%), veterans (1%), religious minorities, disabled individuals, members of the LGBTQIA community, or other underrepresented groups for these projects. The District will always strive to meet or exceed the combined goal of 25% participation for small and local businesses. There will be no reduction in outreach effort once the 25% combined goal is achieved.

**SAN JOSÉ/EVERGREEN COMMUNITY COLLEGE DISTRICT**  
**Measure X GENERAL OBLIGATION BONDS**  
**Background Information**  
**June 30, 2020**

---

**OUTREACH PROGRAM, continued**

In addition, the District's Outreach Program will achieve an anticipated result of 8% for minority-owned business enterprises (MBEs), 4% for women-owned business enterprises (WBEs), and 1% for veteran business enterprises (VBE). There will be no reduction in outreach effort once these anticipated results are achieved. The Program also seeks to eliminate barriers that impede equal opportunity of certified and noncertified minority-owned business enterprises (MBEs) and women-owned business enterprises (WBEs).

The Program states that an anticipated result—but not a required goal—of its outreach and inclusion efforts to all businesses with one or more of the following characteristics: owned by women, minorities, veterans, religious minorities, disabled individuals, members of the LGBTQIA community, or other underrepresented groups, will be the increased participation of these business enterprises. The Program will gather data including the participation of WBEs and MBEs and reexamine its outreach practices if increased participation is not being achieved.

## **PERFORMANCE AUDIT**

---

---

**SAN JOSÉ/EVERGREEN COMMUNITY COLLEGE DISTRICT**  
**Measure X GENERAL OBLIGATION BONDS**  
**Objectives, Scope, Methodology and Conclusions**  
**June 30, 2020**

---

## **OBJECTIVES**

The objective of our performance audit was to determine that the District expended Measure X General Obligation Bond funds for the year ended June 30, 2020 only for the purposes approved by the voters and only on the specific projects developed by the District's Board of Trustees, in accordance with the requirements of Proposition 39, as specified by Section 1(b)(3)C of Article XIII A of the California Constitution.

## **SCOPE**

The District provided to us a list of all Measure X General Obligation Bond project expenditures for the year ended June 30, 2020 (the "List"). The list of transactions represented \$24,600,621 in expenditures from July 1, 2019 through June 30, 2020.

## **METHODOLOGY**

We performed the following procedures to the List of Measure X General Obligation Bond project expenditures for the year ended June 30, 2020:

- Interviewed District management related to controls over planning, bidding, contracting, expenditure of bond funds and financial reporting and determined that controls have been put in place and are working as documented.
- Documented District procedures and controls over planning, bidding, contracting, expenditure of bond funds and financial reporting.
- Performed tests to determine that the District controls over planning, bidding, contracting, expenditure of bond funds and financial reporting have been put in place and are working as documented.
- Verified the mathematical accuracy of the List.
- Reconciled the List to total bond expenditures as reported by the District in the District's audited financial statements for the year ended June 30, 2020, presented as the Measure X General Obligation Bond funds.
- We performed tests and determined that the District has taken actions consistent with the goals of the Outreach Program (Board Policy 6380) to encourage qualified businesses (small, local, or owned by women, minorities, veterans, religious minorities, disabled individuals, members of the LGBTQIA community, or other underrepresented groups) to participate in the Measure X Bond Program's construction projects at the prime contractor and subcontractor level, in purchasing projects, and as suppliers. Such actions include:
  - Provide Community Outreach and Education
  - Measure Outreach Performance
  - Promote Institutional Awareness, Understanding and Coordination
  - Engage Design-Bid-Build Projects
  - Engage Design-Build Projects
  - Engage Pre-Qualified Contractors and Sub-Contractors

**SAN JOSÉ/EVERGREEN COMMUNITY COLLEGE DISTRICT**  
**Measure X GENERAL OBLIGATION BONDS**  
**Objectives, Scope, Methodology and Conclusions**  
**June 30, 2020**

---

**METHODOLOGY, continued**

- We selected a sample of expenditures totaling \$9,757,510. The sample was selected to provide a representation across specific construction projects, vendors and expenditure amounts. The sample represented 43% of the total expenditure value. We verified that the expenditures were for the approved projects and were expended for the upgrading, acquiring, constructing and equipping of school facilities, including building art, science and math classrooms and labs, or expanding healthcare job training facilities and verified that procurement of contracts and related expenditures met the goals of the Outreach Program.

**CONCLUSION**

The results of our tests indicated that, in all significant respects, San José/Evergreen Community College District expended Measure X General Obligation Bond funds for the year ended June 30, 2020 only for the specific projects developed by the District's Governing Board and approved by the voters, in accordance with the requirements of Proposition 39, as specified by Section 1(b)(3)(C) of Article XIII A of the California Constitution.

## Measure G-2010 and X

Reconciled through 12.31.2020 pending final close of Q2 books

Reporting Period: Inception through 12/31/2020

### Report Notes & Definitions

**Start Date:** Scheduled start date or first expenditure, whichever comes first.

**End Date:** When project is available for intended use.

**Bond Expenses To Date:** Represents paid and accrued expenses through the reporting period end date.

**\* Uncategorized:** Projects consist of District wide project administration and other operating expenses.

**3X9XX =** Hold as district-wide overhead

**XX3XX =** Project lead is Facilities Department & budgets remain intact

**311XX =** San Jose City Project

**317XX =** SJC Technology Project

**321XX =** EvergreenProject

**327XX =** EVC Technology Project

**313XX =** District is Lead

**323XX =** District is Lead

**396XX =** District Project

**397XX =** District Technology Project

**399XX =** District-wide Project

Projects will not be listed in the "Complete" phase until they are financially complete.

Project Start Dates, End Dates and Phases are determined based on the most recently published Master Program Schedule

Rounding factors may apply.

### Project Status Guidelines

**Ok:** Project has normal range of issues.

**Cost (Contingency):** <sup>1</sup> Contingency  $\geq$  5% of Budget Remaining

**Schedule Large Capital Projects (Required Occupancy Date - Forecast Completion Date):** <sup>2</sup>  $>$  2 Months Schedule Contingency

**Schedule Other Projects (Required Occupancy Date - Forecast Completion Date):** <sup>2</sup>  $>$  1 Months Schedule Contingency

**Caution:** Project has significant issue(s), however, project team has a solution and/or options.

**Cost (Contingency):** <sup>1</sup> Contingency  $<$  5% and  $\geq$  3% Budget Remaining

**Schedule Large Capital Projects (Required Occupancy Date - Forecast Completion Date):** <sup>2</sup>  $>$  1 and  $<$  2 Months Schedule Contingency

**Schedule Other Projects (Required Occupancy Date - Forecast Completion Date):** <sup>2</sup>  $\sim$  1 Month Schedule Contingency

**Problem:** Project has significant issue(s), without a current or near term solution.

**Cost (Contingency):** <sup>1</sup> Contingency  $<$  3% of Budget Remaining

**Schedule Large Capital Projects (Required Occupancy Date - Forecast Completion Date):** <sup>2</sup>  $<$  1 Month Schedule Contingency

**Schedule Other Projects (Required Occupancy Date - Forecast Completion Date):** <sup>2</sup>  $<$  2 Weeks Schedule Contingency

<sup>1</sup> **Budget Remaining =** Total Budget – Cost to Date – Encumbered

<sup>2</sup> **Forecast Completion Date =** Project is ready to be occupied for its intended purpose (Work is usably complete including equipment installation and outfitting. Some punch list items may remain and financial closeout may still be pending).

As the Bond Programs and the individual Bond Projects move toward close out and the final expenditure of funds, the Project Status Guidelines for a Caution or Problem Project (as defined above) no longer includes the use of Contingency in it's definition since Contingency must be spent for Program/Project closeout.

Budget, cost to date and encumbrance data used to calculate the budget remaining for the Cost Statuses is based on current data as of the run date of this report.

### Agenda Item Details

Meeting	Oct 13, 2020 - Governing Board Meeting Agenda
Category	H. ACTION AGENDA
Subject	13. Measure X Bond Program: Bond List Revision #21
Type	Action
Preferred Date	Oct 13, 2020
Absolute Date	Oct 13, 2020
Fiscal Impact	No
Budgeted	No
Budget Source	Measure X
Recommended Action	A recommendation that the Board of Trustees review and approve the revisions to the Measure X bond list, as presented.

As part of the accountability measures for the Measures G-2010 and X Bond Programs, the management team for the program has put into place a formal process for managing, tracking and presenting to the Board of Trustees all revisions to the Measure G-2010 and Measure X individual project names, scopes and budgets. This process adheres to the accountability standards outlined by Proposition 39 and provides transparency in the evolution of the project list.

In response to input received from the Board, additional criteria were added to the Bond List Revision process at the August 25th, 2015, Board of Trustees' meeting. These criteria identified an added layer of information and flagging to a Bond List Revision for those projects with substantive changes (a budget change to a single project in excess of \$5 million dollars, the cancellation of a project from the bond list, or the creation of a new project). Receiving further input from the Board, the management team will state whether the Bond List Revision contains substantive changes in the agenda item text.

Measure X Bond List Revision #21 does not contain substantive changes based on the criteria set forth above.

Projects 39905: Management and Related Costs and 39999: Election/Legal/EIR/DO Labor and Related Costs are managed as separate projects in the Bond Program; however, the activities in these two projects benefit all active projects. By managing these activities as stand-alone projects during the year, the District's bond management team is able to view and manage the budget and expenses that impact all projects in one location. These costs are allowed to be distributed to projects for capitalization purposes. The bond management team has determined that spreading the 39905: Management and Related Costs and 39999: Election/Legal/EIR/DO Labor and Related Costs budget and associated expense to the active projects, as is allowed, provides a transparent view of the program.

In this way, the budget balance remaining in 39905: Management and Related Costs and 39999: Election/Legal/EIR/DO Labor and Related Costs at the end of the fiscal year will reflect what remains for future years, and the projects will capture the expenses attributed to them.

Project 39999: Election/Legal/EIR/DO Labor and Related Costs- Transfer of budget, equal to program-wide overhead expenses and San José City College specific overhead expenses paid from the inception of the Measure X Bond Program through May 31, 2020, that will be spread to the individual projects through expense transfers.

Project 39905: Management and Related Costs- Transfer of budget, equal to program management expenses paid from the inception of the Measure X Bond Program through May 31, 2020, that will be spread to the individual projects through expense transfers.

Please refer to the attached Bond List Revisions Approval Request report and the Summary of Current Changes report for details on each project revision included on the Measure X Bond List Revision #21 dated October 13, 2020.

These revisions to the Bond List have been approved by the Evergreen Valley College Vice President of Administrative Services and the San José City College Vice President of Administrative Services.

Budget Source	Measure X
Recommended Action	A recommendation that the Board of Trustees review and approve the revisions to the Measure X bond list, as presented.

As part of the accountability measures for the Measures G-2010 and X Bond Programs, the management team for the program has put into place a formal process for managing, tracking and presenting to the Board of Trustees all revisions to the Measure G-2010 and Measure X individual project names, scopes and budgets. This process adheres to the accountability standards outlined by Proposition 39 and provides transparency in the evolution of the project list.

In response to input received from the Board, additional criteria were added to the Bond List Revision process at the August 25th, 2015, Board of Trustees' meeting. These criteria identified an added layer of information and flagging to a Bond List Revision for those projects with substantive changes (a budget change to a single project in excess of \$5 million dollars, the cancellation of a project from the bond list, or the creation of a new project). Receiving further input from the Board, the management team will state whether the Bond List Revision contains substantive changes in the agenda item text.

Measure X Bond List Revision #22 does not contain substantive changes based on the criteria set forth above.

The Measure G-2010 Bond Program recently completed spending on its last series of bond dollars (Series D) that are not associated with the "endowment" (Series B). As these funds were spent down, Measure X, Series A, began to take over the funding of the projects. To ensure the District met the three-year spend down requirement for G-2010, Series D funds, the financial team applied expenditures as they occurred to Series D until the funds were fully expensed and then to Measure X, Series A. The projects that have spending out of both bond programs are being referred to as "cross-over" projects.

Measure X Bond List Revision #22 is being presented in a joint program Bond List Revision Request Report format for ease of viewing the data.

This joint Bond List Revision Request Report reflects the following revisions:

- Budget adjustments to Evergreen Valley College projects to accommodate budget needs
- Measure X interest earnings allocation to Project 39999 – Election/Legal/EIR/DO Labor and Related and Project 39905 – Management and Related Costs

Please refer to the attached Bond List Revisions Approval Request report for details on each project revision included on the Measure X Bond List Revision #22, dated October 13, 2020.

These revisions to the Bond List have been approved by the Evergreen Valley College Vice President of Administrative Services and the San José City College Vice President of Administrative Services.

**Agenda Item Details**

Meeting	Dec 15, 2020 - Governing Board Meeting Agenda
Category	D. ACTION AGENDA
Subject	6. Measure X Bond Program: Bond List Revision #23
Type	Action
Preferred Date	Dec 15, 2020
Absolute Date	Dec 15, 2020
Fiscal Impact	No
Budgeted	No
Budget Source	Measure X
Recommended Action	A recommendation that the Board of Trustees review and approve the revisions to the Measure X bond list, as presented.

As part of the accountability measures for the Measures G-2010 and X Bond Programs, the management team for the program has put into place a formal process for managing, tracking and presenting to the Board of Trustees all revisions to the Measure G-2010 and Measure X individual project names, scopes and budgets. This process adheres to the accountability standards outlined by Proposition 39 and provides transparency in the evolution of the project list.

In response to input received from the Board, additional criteria were added to the Bond List Revision process at the August 25th, 2015, Board of Trustees' meeting. These criteria identified an added layer of information and flagging to a Bond List Revision for those projects with substantive changes (a budget change to a single project in excess of \$5 million dollars, the cancellation of a project from the bond list, or the creation of a new project). Receiving further input from the Board, the management team will state whether the Bond List Revision contains substantive changes in the agenda item text.

Measure X Bond List Revision #23 does not contain substantive changes based on the criteria set forth above.

Projects 39905: Management and Related Costs and 39999: Election/Legal/EIR/DO Labor and Related Costs are managed as separate projects in the Bond Program; however, the activities in these two projects benefit all active projects. By managing these activities as stand-alone projects during the year, the District's bond management team is able to view and manage the budget and expenses that impact all projects in one location. These costs are allowed to be distributed to projects for capitalization purposes. The bond management team has determined that spreading the 39905: Management and Related Costs and 39999: Election/Legal/EIR/DO Labor and Related Costs budget and associated expense to the active projects, as is allowed, provides a transparent view of the program.

In this way, the budget balance remaining in 39905: Management and Related Costs and 39999: Election/Legal/EIR/DO Labor and Related Costs at the end of the fiscal year will reflect what remains for future years, and the projects will capture the expenses attributed to them.

**Project 39999: Election/Legal/EIR/DO Labor and Related Costs-** Transfer of budget, equal to program-wide overhead expenses and San José City College specific overhead expenses paid from June 1, 2020 through August 31, 2020, that will be spread to the individual projects through expense transfers.

**Project 39905: Management and Related Costs-** Transfer of budget, equal to program management expenses paid from June 1, 2020 through August 31, 2020, that will be spread to the individual projects through expense transfers.

Please refer to the attached Bond List Revisions Approval Request report and the Summary of Current Changes report for details on each project revision included on the Measure X Bond List Revision #23 dated December 15, 2020.

These revisions to the Bond List have been approved by the Evergreen Valley College Vice President of Administrative Services and the San José City College Vice President of Administrative Services.

**Agenda Item Details**

Meeting	Dec 15, 2020 - Governing Board Meeting Agenda
Category	D. ACTION AGENDA
Subject	7. Measure X Bond Program: Bond List Revision #24
Type	Action
Preferred Date	Dec 15, 2020
Absolute Date	Dec 15, 2020
Fiscal Impact	No
Budgeted	No
Budget Source	Measure X
Recommended Action	A recommendation that the Board of Trustees review and approve the revisions to the Measure X bond list, as presented.

As part of the accountability measures for the Measures G-2010 and X Bond Programs, the management team for the program has put into place a formal process for managing, tracking and presenting to the Board of Trustees all revisions to the Measure G-2010 and Measure X individual project names, scopes and budgets. This process adheres to the accountability standards outlined by Proposition 39 and provides transparency in the evolution of the project list.

In response to input received from the Board, additional criteria were added to the Bond List Revision process at the August 25th, 2015, Board of Trustees' meeting. These criteria identified an added layer of information and flagging to a Bond List Revision for those projects with substantive changes (a budget change to a single project in excess of \$5 million dollars, the cancellation of a project from the bond list, or the creation of a new project). Receiving further input from the Board, the management team will state whether the Bond List Revision contains substantive changes in the agenda item text.

Measure X Bond List Revision #24 contains substantive changes based on the criteria set forth above.

The Measure G-2010 Bond Program recently completed spending on its last series of bond dollars (Series D) that are not associated with the endowment funds (Series B). As these funds were spent down, Measure X, Series A, began to take over the funding of the projects. To ensure the District met the three-year spend down requirement for G-2010, Series D funds, the financial team applied expenditures as they occurred to Series D until the funds were fully expensed and then to Measure X, Series A. The projects that have spending out of both bond programs are being referred to as "cross-over" projects.

Measure X Bond List Revision #24 is being presented in a joint program Bond List Revision Request Report format for ease of viewing the data.

This joint Bond List Revision Request Report reflects the following revisions:

- Creation of a new Evergreen Valley College project "Mathematics, Sciences, Social Sciences Canopy"
- Creation of a new San Jose City College project "SJCC Elevator Modernization"
- Creation of a new District-wide project "District-wide Building Management System"
- Budget adjustments to Evergreen Valley College projects to accommodate budget needs
- Budget adjustments to San Jose City College projects to accommodate budget needs
- Budget adjustments to District projects to accommodate budget needs
- Measure X interest earnings allocation to Project 39999 - Election/Legal/EIR/DO Labor and Related and Project 39905 – Management and Related Costs

Please refer to the attached Bond List Revisions Approval Request report for details on each project revision included on the Measure X Bond List Revision #24, dated December 15, 2020.

These revisions to the Bond List have been approved by the Evergreen Valley College Vice President of Administrative Services and the San José City College Vice President of Administrative Services.

### Measure G-2010 and Measure X

Measure X Revision #24 (Board Date: 12/15/2020)

Project#/Rev	Description
<b>31156</b>	<b>Student Services Resource and Drop-in Center</b>

**Budget (Measure X)** **Change Amount: \$700,000.00**

**From:** \$851,084.99

**To:** \$1,551,084.99

**Reason:** Budget transfer in the amount of \$700,000.00 from Project 31162 - Student Center Improvements to accommodate budget needs.

**Scope/Description**

**From:** Renovation to existing offices space on the second floor of the Student Services building to provide a welcoming, student-owned area for students accessing student services. The Student Services Resource & Drop-in Center will include a diverse range of furniture pieces as well as technology. The drop-in center will need to be enclosed from the open lobby below and feature design elements that promote transparency and free movement through the space, while still allowing for privacy and noise reduction.

**To:** Renovation to existing office spaces on the second floor of the Student Services building to provide a welcoming, student-owned area for students accessing student services. The Student Services Resource and Drop-in Center will include a diverse range of furniture pieces as well as technology. The drop-in center will need to be enclosed from the open lobby below and feature design elements that promote transparency and free movement through the space, while still allowing for privacy and noise reduction. Due to complexity in terms of noise attenuation, an enclosed corridor along the balcony on the second floor will be added, as well as operable glass partitions, enclosed spaces, and separation from the Veteran's Resource Center.

### 31162 Student Center Improvements

**Budget (Measure X)** **Change Amount: (\$700,000.00)**

**From:** \$6,091,022.38

**To:** \$5,391,022.38

**Reason:** Budget transfer in the amount of \$700,000.00 to Project 31156 - Student Services Resource and Drop-in Center to accommodate budget needs.

### 31170 SJCC Elevator Modernization

**Budget (Measure X)** **Change Amount: \$3,620,689.64**

**From:** \$0.00

**To:** \$3,620,689.64

**Reason:** New Project. Budget transfer in the amount of \$3,620,689.64 from SJCC - Future Projects to accommodate budget needs.

**Scope/Description**

**From:**

**To:** Design and construction services to modernize seven (7) hydraulic passenger elevators at the SJCC campus. Elevators in the following buildings will receive full-modernization: Technology Center (2 elevators), General Education Building (1 elevator), Cesar Chavez Library (2 elevators), and the Student Parking Structure (2 elevators). This list was derived from the District-Wide Elevator Assessment project (#39315) and approved by campus administration on 10/19/2020.

### Agenda Item Details

Meeting	Feb 09, 2021 - Governing Board Meeting Agenda
Category	H. ACTION AGENDA
Subject	3. Measure X Bond Program: Bond List Revision #25
Type	Action
Preferred Date	Feb 09, 2021
Absolute Date	Feb 09, 2021
Fiscal Impact	No
Budgeted	No
Budget Source	Measure X
Recommended Action	A recommendation that the Board of Trustees review and approve the revisions to the Measure X bond list, as presented.

As part of the accountability measures for the Measures G-2010 and X Bond Programs, the management team for the program has put into place a formal process for managing, tracking and presenting to the Board of Trustees all revisions to the Measure G-2010 and Measure X individual project names, scopes and budgets. This process adheres to the accountability standards outlined by Proposition 39 and provides transparency in the evolution of the project list.

In response to input received from the Board, additional criteria were added to the Bond List Revision process at the August 25th, 2015, Board of Trustees' meeting. These criteria identified an added layer of information and flagging to a Bond List Revision for those projects with substantive changes (a budget change to a single project in excess of \$5 million dollars, the cancellation of a project from the bond list, or the creation of a new project). Receiving further input from the Board, the management team will state whether the Bond List Revision contains substantive changes in the agenda item text.

Measure X Bond List Revision #25 does not contain substantive changes based on the criteria set forth above.

Projects 39905: Management and Related Costs and 39999: Election/Legal/EIR/DO Labor and Related Costs are managed as separate projects in the Bond Program; however, the activities in these two projects benefit all active projects. By managing these activities as stand-alone projects during the year, the District's bond management team is able to view and manage the budget and expenses that impact all projects in one location. These costs are allowed to be distributed to projects for capitalization purposes. The bond management team has determined that spreading the 39905: Management and Related Costs and 39999: Election/Legal/EIR/DO Labor and Related Costs budget and associated expense to the active projects, as is allowed, provides a transparent view of the program.

In this way, the budget balance remaining in 39905: Management and Related Costs and 39999: Election/Legal/EIR/DO Labor and Related Costs at the end of the fiscal year will reflect what remains for future years, and the projects will capture the expenses attributed to them.

Project 39999: Election/Legal/EIR/DO Labor and Related Costs- Transfer of budget, equal to program-wide overhead expenses and San José City College specific overhead expenses paid from September 1, 2020 through November 30, 2020, that will be spread to the individual projects through expense transfers.

Project 39905: Management and Related Costs- Transfer of budget, equal to program management expenses paid from September 1, 2020 through November 30, 2020, that will be spread to the individual projects through expense transfers.

Please refer to the attached Bond List Revisions Approval Request report and the Summary of Current Changes report for details on each project revision included on the Measure X Bond List Revision #25 dated February 9, 2021.

These revisions to the Bond List have been approved by the Evergreen Valley College Vice President of Administrative Services and the San José City College Vice President of Administrative Services.

### Agenda Item Details

Meeting	Mar 09, 2021 - Governing Board Meeting Agenda
Category	H. ACTION AGENDA
Subject	5. Measure G-2010 and Measure X Bond Programs: Bond List Revision G-2010 #70 & Bond List Revision X #26
Type	Action
Preferred Date	Mar 09, 2021
Absolute Date	Mar 09, 2021
Fiscal Impact	No
Budgeted	No
Budget Source	Measures G-2010 & X
Recommended Action	A recommendation that the Board of Trustees review and approve the revisions to the Measure G-2010 bond list and Measure X bond list, as presented.

As part of the accountability measures for the Measures G-2010 and X Bond Programs, the management team for the program has put into place a formal process for managing, tracking and presenting to the Board of Trustees all revisions to the Measure G-2010 and Measure X individual project names, scopes and budgets. This process adheres to the accountability standards outlined by Proposition 39 and provides transparency in the evolution of the project list.

In response to input received from the Board, additional criteria were added to the Bond List Revision process at the August 25th, 2015, Board of Trustees' meeting. These criteria identified an added layer of information and flagging to a Bond List Revision for those projects with substantive changes (a budget change to a single project in excess of \$5 million dollars, the cancellation of a project from the bond list, or the creation of a new project). Receiving further input from the Board, the management team will state whether the Bond List Revision contains substantive changes in the agenda item text.

Measure G-2010 Bond List Revision #70 / Measure X Bond List Revision #26 contains substantive changes based on the criteria set forth above.

The Measure G-2010 Bond Program recently completed spending on its last series of bond dollars (Series D) that are not associated with the endowment funds (Series B). As these funds were spent down, Measure X, Series A, began to take over the funding of the projects. To ensure the District met the three-year spend down requirement for G-2010, Series D funds, the financial team applied expenditures as they occurred to Series D until the funds were fully expensed and then to Measure X, Series A. The projects that have spending out of both bond programs are being referred to as "cross-over" projects.

Measure G-2010 Bond List Revision #70 / Measure X Bond List Revision #26 is being presented in a joint program Bond List Revision Request Report format for ease of viewing the data.

This joint Bond List Revision Request Report reflects the following revisions:

- Name and scope update to Project 31166 - Stadium Renovation
- Savings transfers from various San José City College projects to Project 31132 - Career Education Complex and Project 31166 - Stadium Renovation to accommodate budget needs
- Measure G-2010 interest earnings allocation to Project 39999 - Election/Legal/EIR/DO Labor and Related
- Measure X interest earnings allocation to Project 39999 - Election/Legal/EIR/DO Labor and Related and Project 39905 – Management and Related Costs

Please refer to the attached Bond List Revisions Approval Request report for details on each project revision included on the Measure G-2010 Bond List Revision #70 / Measure X Bond List Revision #26, dated March 9, 2021.

These revisions to the Bond List have been approved by the Evergreen Valley College Vice President of Administrative Services and the San José City College Vice President of Administrative Services.

## MEMORANDUM

To: San Jose-Evergreen Community College District

From: Keygent LLC & Piper Sandler & Co.

Date: November 19, 2020

RE: Bond Sale Overview

On October 22, 2020, San Jose-Evergreen Community College District (the “District”) successfully locked in \$11,393,561 in taxpayer savings through the sale of its \$190.045 million 2020 General Obligation Refunding Bonds (“Bonds”) through a negotiated sale with Piper Sandler & Ramirez (the “Underwriters”). The Bonds were issued to refinance portions of the District’s Election of 2004 General Obligation Bonds, Series C, Election of 2010 General Obligation Bonds, Series C and 2014 General Obligation Refunding Bonds, Series A for taxpayer savings.

Prior to the sale, the District secured a very strong credit rating of ‘Aa1’ from Moody’s. The rating is one level from the highest possible credit rating of triple-A. Moody’s noted the District’s robust local economy, stable financial profile and good management.

While interest rates increased the day of the sale due to positive sentiment surrounding a potential stimulus package, the Bonds still attracted significant investor demand.

Maturity	Amount (\$000's)	Orders (\$000's)	Demand
9/1/21	\$ 4,315	\$ 5,965	1.4 x
9/1/22	2,985	10,410	3.5
9/1/23	2,995	12,445	4.2
9/1/24	3,010	12,730	4.2

9/1/34	5,685	5,685	1.0
9/1/35	6,075	720	0.1
9/1/40	37,265	159,295	4.3
9/1/43	28,855	198,130	6.9
<b>TOTAL:</b>	<b>\$ 190,260</b>	<b>\$ 562,910</b>	<b>3.0 x</b>

The District’s Bonds received interest from a broad investor base which included bond funds, separately managed accounts, money managers, banks, insurance companies, and governmental agencies. The Bonds received \$562.9 million in total orders (3.0x overall subscription). Many of the maturities received excess orders, which allowed the Underwriters to lower interest rates to the District’s benefit.

The Bonds ultimately achieved a very low all-inclusive interest cost of 2.49%, which replaced the prior bonds’ average interest rate of 4.45% (without any extension of the original repayment term). The final savings achieved of \$11,393,561 represents a very successful outcome to the benefit of taxpayers.
